

Thant Plans Cyprus Peace

Hostages Freed By Greeks

POLIS, Cyprus (UPI) — A 72-hour cease-fire was proclaimed Monday in this Cyprus town where 700 Turkish Cypriots — including weeping women and children — were surrounded by heavily-armed Greek Cypriots in fighting during the night.

The truce was reported by Indian Gen. Prem Singh Gyani, a United Nations observer.

TRAPPED IN SCHOOL

Soon after Gyani reported he had arranged an agreement between the two factions in the tense community not to fight each other, Prime Minister Sir Alec Douglas-Home announced in London that British troops had released 700 Turks reported trapped in a school in Polis.

Some 170 British troop reinforcements headed for Nicosia to bolster harassed British forces attempting to keep peace between the hostile Greek- and Turkish-Cypriots on the island.

Victim

One-time Detroit cafe owner Ethenios George, known as "The American" to villagers in Ayia Theodoros, Cyprus, has been found dead in nearby field where he was tending sheep for friend, George, richest man and only car owner, was caught in Greek-Turkish Cypriot clash.—(AP Photofax)

UNITED NATIONS (CP)—Secretary - General U Thant stepped into the explosive Cyprus situation Monday with his own plan for resolving the problem.

This was reported by diplomatic sources as the United Nations Security Council — at Thant's suggestion — postponed until this afternoon any substantive debate over the situation.

PRIVATE MEETING

Thant went into a private meeting with U.S. Undersecretary of State George W. Ball after the council agreed to the postponement. Ball came here from Washington, where he told President Johnson earlier that a settlement is essential to world peace. Ball has played a chief role as U.S. troubleshooter in the Cyprus situation.

The diplomatic sources said Thant presented a memorandum to the representatives of Cyprus, Turkey, Greece, the United States and Britain.

It contained Thant's formula for setting up a peace force to be sent to Cyprus and for machinery for mediating any further troubles and for paving the way for a permanent settlement. The sources declined comment on the details but Thant is known to be insisting upon prior agreement among Cyprus, Britain, Greece and Turkey on the terms for composition of the force. He wants also agreement on the financing and commander for a force of possibly 10,000 men.

Both Cyprus and Britain agreed to the surprise move for a postponement of the council debate. The council met briefly amid reports of fresh troubles on Cyprus and a new alert to Turkish and military naval units. Efforts were concentrated on preventing Turkey and Greece, partners in NATO, from coming to blows over the Mediterranean island republic.

To Seek Settlement

Meany Would Back Boycott of Wheat

MIAMI BEACH (AP)—Labor leader George Meany strongly endorsed Monday a threatened longshoremen's boycott of U.S. wheat shipments to Russia, but promised to help President Johnson try to resolve the dispute.

Meany, president of the AFL-CIO, said he would "approve any measure" including a boycott to ensure that at least 50 per cent of the wheat is shipped on U.S. vessels.

END SETTLEMENT

But he added that President Johnson personally asked his cooperation "and I agreed to try to find a settlement."

Meany, at a press conference after the opening of the AFL-CIO's annual executive council meeting, said Johnson called him Sunday.

Meany blamed the wheat blowup on the U.S. administration's failure to live up to previous promises to ship half the grain on American vessels.

"The grain interests prefer not to ship any of the wheat in American ships because it is cheaper to ship in foreign ships," Meany said.

The wheat dispute was the first order of business taken up by the executive council, the policy-making body of the 13,500,000 - member labor federation.

Scotsmen Return Miserly Reward

GLASGOW (AP) — Ten angry Scotsmen have returned a reward they received from the U.S. Navy for salvaging two practice torpedoes on a stormy night.

"Miserly" snorted their team leader Monday, William Gilmour, the leader, said a friend had told him the torpedoes were worth a total of about £80,000 but the men received £35 10s. to be split 10 ways.

MISERLY AMOUNT

"It's an insult," Gilmour said. "I sent the cheque back with a letter asking them to explain this miserly amount."

A U.S. Navy spokesman at the Polaris submarine depot ship anchored near here said rewards for recovering navy property are restricted to a scale set by the navy secretary. He said the value of the torpedoes is considerable.

IN PRACTICE

The torpedoes had been fired by a U.S. submarine in practice and were lost in rough seas. They were spotted by a woman who got in touch with the

depot ship Hunley, which asked Gilmour's team to secure them. The members of the team tramped 14 miles over rugged mountains earlier this winter. Working at night, they secured the torpedoes by block and tackle and guided a U.S. Navy launch to the scene.

Mountains Deadly

KARACHI (Reuters) — Twenty-six children were killed when a truck taking them on an excursion plunged into a mountain lake in West Pakistan, it was learned here.

Nine were thrown clear, along with the driver.

Near Guatemala City, nine people died and 19 were injured when horseplay by pilgrims on a road caused several persons to tumble down a mountain-side. A resultant landslide buried some of them.

Cease-Fire Violated

ADDIS ABABA (UPI)—New gunbattles flared Monday between Ethiopian and Somali troops in violation of the cease-fire along the bitterly disputed frontier of the two East African nations, the Ethiopian information ministry announced.

A spokesman said Ethiopian and Somali troops were shooting across the border but neither side had intruded into the other's territory.

I saw just what you want in GRAY'S APPAREL

They have everything in MAYFAIR haven't they?

You'll find the perfect accessories in MAYFAIR GIFTWARE. Take the MAYFAIR bus direct to the Mall and Woodward's.

We also sell other makes.

Mainly, our dealers are in business to sell new Volkswagens. (So far, they've sold 250,000.) But all makes of cars are traded in for VWs, so they find themselves with all types of used cars on their hands. The bad ones are shipped off to a last resting place. (Our dealers are sour on lemons.) The really good cars they renovate, rehabilitate and resell. They go over the car from front to back, from top to bottom. Then, when a used car is in almost new condition, they put a Verified Warranty sticker on the windshield. And fill out a guarantee in writing. Why do our dealers go to all this trouble to sell a five-year-old Volkswagen or Ford or Chev?

Some day you'll be in the market for a new car. We want it to be a Volkswagen. And even if you don't want a used car this week, why not visit your Volkswagen dealer anyway. It could be worth the trip just to hear him rave about a Valiant. Or a Rambler. Or any of those strange cars with the engine in the front.

THE recognition of Peking by France and the military pronouncements in Viet Nam seem to have diverted attention from the Malaysian question.

demagogy, is now Peking's instrument. In acting as he does he violates cynically his country's pledge.

Washington

Quiet Fight

By MARQUE CHILDS from Lassala, N.E.

THE lady from Maine is conducting what must surely be the quietest, most understated presidential campaign in history.

Why is she going through with this punishing dawn-to-dusk exercise? Why did she inject herself into a Republican primary race already so confused by so many entries that the outcome is likely to mean little?

Senator Smith has always fought her own battles. It was no thanks to the Republican organization, dominated by males, that she became the only member of her sex ever to serve in both the House and the Senate.

There are obvious compensations for an effort that at the age of 66 cannot be taken lightly and particularly when her first appearance was on a street corner with the temperature registering 28 degrees below zero.

The senator is getting national exposure for his run at a cost that — apart from the physical demand of a 12-hour-a-day, five-day-a-week schedule — can be measured in gasoline and shoe leather.

"I used to work in a store like this," she says to the abashed young woman behind the costume jewelry counter in the 10-cent store. Or in the telephone office, "I too, you know."

People like it, especially women. They have an exhilarated look after she passes by. Just to think, they say, as though it were incredible, that a woman, one of America's most submerged minorities, should be running for president.

How many votes she will get in the popularity contest — she does not have a slate of delegates entered in her name — is anyone's guess.

Nude Body on Beach Leonine, Not Human

What appeared to be the arm and shoulder of a nude body was uncovered by a dog on Island View Beach in Central Saanich.

A strolling couple reported the occurrence to Mrs. N. J. Graham of the Island View Beach Resort, who notified Central Saanich police chief Frederick Brownlee.

He hurried to the scene and dug up the "nude body" of a nine-foot, 200 or 300-pound sea lion which had been buried on the beach by an area resident several weeks before.

Strategy Meeting

Red Cross Goal Higher By \$1,500 Here

About 900 canvassers will be seeking \$80,500 next month, during the annual Red Cross fund drive in Greater Victoria.

This year's goal is \$1,500 higher than in 1963, due to increased costs and expanded services, particularly in the volunteer homemaker services. Officials will meet Thursday at Red Cross House, 1046 Fort, to plan the drive, which begins March 2 and is to end April 1.

\$30,000 Target In Sight

The Vancouver Island secretary of the B.C. Heart Foundation, Mrs. Mae Barry, said yesterday she was confident the organization would achieve its \$30,000 Island target in this month's campaign.

"We have already received donations totalling almost half the objective," said Mrs. Barry. "The latest total so far is \$14,800 and donations are still pouring in. We have yet to launch our business-man's canvass, so there should be no trouble in achieving our target."

Thursday, about 40 team captains will meet campaign chairman Brig. S. E. Morris and co-chairman Harold Gladson to plan the residential drive. This division hopes to collect \$40,000 from householders in Greater Victoria this year.

Campaign officials say they will probably need volunteer canvassers in some areas, but these will not be known until after Thursday's tea, beginning at 2:30 p.m.

\$7,500 NEEDED

Officials estimate \$7,500 is needed from residential canvasses in the Saanich Peninsula and at least \$1,500 from Sooke.

Other divisions and tentative goals are:

Business, \$9,500; services (provincial, federal, civic employees and armed forces), \$8,500; hotels and motels, \$2,000; industrial canvass, \$3,000; commerce (large businesses with head offices elsewhere), \$6,500.

Victorian Director

Prison Officers Win Promotion

A Victoria man, Thomas Hall, has been named director of the western region of the Canadian penitentiary service.

Mr. Hall, 51, was promoted to the new post from warden of the B.C. Penitentiary at New Westminster. His was

one of three western Canadian appointments announced in Ottawa yesterday.

Deputy warden John Moloney takes over as warden at New Westminster, while H. A. Collins, superintendent of the William Head institution, becomes deputy warden at the mainland penitentiary.

Mr. Hall is the son of the late Tom Hall, a member of the Victoria city police force for 33 years. His mother lives at 422 Dallas Road. He was born in Victoria, and attended Victoria High School.

RESERVED AS MAJOR
Mr. Hall joined the penitentiary service in the late 1930s. He served as a major in the Second World War and later commanded the New Westminster Regiment as a lieutenant-colonel.

An expert rifleman, he has represented Canada on the Bisley team in England.

SINCE 1957
Mr. Moloney, 48, has been in the penitentiary service since 1957, and was first superintendent of the Agassiz Correctional Institution.

Mr. Collins, 58, joined the service in 1948 and came to William Head in 1958.

Overpass Bill Appeal Lost by Edmonton

OTTAWA (CP)—The City of Edmonton lost an appeal Monday in the Supreme Court of Canada against Alberta court judgments ordering it to pay damages of \$50,000 to Walter Woods Limited, an Edmonton wholesale hardware firm.

The company sued the city in 1961 for business losses and a permanent lessening of the value of its property on 105th Street following the construction by the city of a traffic overpass. It asked damages of \$341,463.

30-YEAR PERIOD

The Supreme Court of Alberta found that access to the Woods building had been interfered with as a result of the overpass and awarded the company damages of \$190,413. This amount included \$50,000 to compensate the company for adverse effects on sales over a 30-year period.

The Alberta Appeal Court in May, 1963, dismissed the city's appeal against the lower court decision and since that time the city has paid the company \$190,413.

The appeal to the Supreme Court of Canada was against the \$50,000 award. The court rejected the appeal from the bench Monday, giving no reasons.

Parksville Seminar Scheduled

A three-day seminar on the role of students in the age of the atom and anxiety is to be held in Parksville, starting Friday, by the University of Victoria.

The seminar will be attended by 80 students and 20 of the faculty. Speakers will include members of the board of governors, Canadian Union of Students' president David Jenkins and Dr. Malcolm McGregor, UBC classicist.

Such seminars as these, referred to as "academic retreats," are generally considered more successful if held away from the campus.

Wall Street Averages At Record Highs Again

NEW YORK (AP) - Stock market averages posted record highs Monday as selected blue chips, airlines, savings-and-loans and tobacco advanced. Trading was fairly active.

It was another irregular rise. All big three motors were losers. Utilities and nonferrous drugs and chemicals declined irregularly.

TORONTO (CP) - The stock market dragged through a day of lower prices, light volume and new highs among selected issues Monday.

Papers, steels, banks, utilities, oils and financial issues all dropped fractionally in the decline.

Banks were hardest hit with Montreal off 1/2 and Toronto-Dominion and Imperial Bank of Commerce both off 1/4. Royal off 1/4 but Nova Scotia gained 1/4.

Utilities were also weak with B.C. Telephone and Bell Telephone both down 1/4. Canadian Pacific also fell 1/4, but Calgary Power gained 1/4 and International Utilities 1/4.

One group that gained ground was liquors. Canadian Breweries, Molson's and Walker Gooderham all rose 1/4, while Distillers Seagrams rose 1/4.

Modernized Hydro Newfoundland Boon

ST. JOHN'S, Nfld. (CP)—On a rocky hillside deep in the barren interior of Newfoundland, \$2,000,000 worth of shiny new electric components turn out a continuous 17,000 horsepower—and the nearest human is 15 miles away.

This modern, remotely controlled hydro-electric power plant at Rattling Brook, near Grand Falls, is a symbol of the province's rapidly expanding Newfoundland Light and Power Company Ltd. The company's rates, despite steady investments in service and capital expense, are the lowest in Canada.

Newfoundland Light and Power supplies 37,000 families, or one-third of the province's population. It also supplies about 33 per cent of the power used by the province's second-largest electric utility—the United Towns Electric Company Limited.

Success of Newfoundland

Imperial Tobacco Company of Canada, Limited

NOTICE IS HEREBY GIVEN THAT A Final Dividend (No. 256) of Twelve and one-half Cents (12 1/2¢) per share on the paid-up Common Shares of the Company for the year ended 31st December, 1963, has been declared payable on Tuesday, the 31st day of March, 1964, to shareholders of record at the close of business on Friday, the 28th day of February, 1964.

An Interim Dividend (No. 257) of Fifteen Cents (15¢) per share on the said-up Common Shares of the Company has been declared payable on Tuesday, the 31st day of March, 1964, to shareholders of record at the close of business on Friday, the 28th day of February, 1964.

A Semi-Annual Dividend (No. 104) of Three per cent (3%) on the paid-up Preference Shares of the Company has been declared payable on Tuesday, the 31st day of March, 1964, to shareholders of record at the close of business on Friday, the 28th day of February, 1964.

Accident Probe Pledged

Victoria Sacred MLA Waldo Skillings lost his new title of "privy councillor" yesterday—at least as far as the legislature is concerned.

Speaker William Murray thinks it is unparliamentary.

The title was bestowed last week by North Vancouver Liberal Gordon Gibson who said he had looked up the word "skilling" in a dictionary and found it meant an outbush.

He was retaliating for Mr. Skillings' Thursday remark that he had been intoxicated in the Legislature when a certain bill was passed in 1961.

Speaker Murray stepped in yesterday when Opposition Leader Strachan referred to the "privy councillor."

"I think we are going to stop the use of the expression originated by the member for North Vancouver. It will not be used again in debate in this House," he ordered.

Mr. Skillings smiled.

Earlier the play on names had been directed at Mr. Gibson.

Highways Minister Gagliardi said the North Vancouver Liberal's remark about the Victoria MLA had been "stupid." But then he explained he had looked up the name Gibson and found it meant a cocktail consisting of gin and dry vermouth garnished with pearl onions.

"Maybe Mr. Skillings knew what he was talking about when he made a certain remark," the minister said.

Today

Minister Kiernan will be the first speaker at 2 p.m. today in the legislature, followed by David Stupich (NDP—Nanaimo and The Islands), Pat McGeer (L—Vancouver-Point Grey) and Ernie LeCours (SC—Delta). Speaking at a night sitting at 8 p.m. will be Bert Price (SC—Vancouver-Burrard), John Squire (NDP—Alberni) and John Tisdale (SC—Saanich).

Day in Legislature

Public Works Jobs Urged for Welfare

A public projects work force should be created to get able-bodied men off the welfare rolls, Yale MLA William Hartley told the legislature Monday.

This labor force, to be administered by the provincial public works department, could work on the beautification of parks and highways and construction of hospitals and homes for senior citizens, he said.

"Surely it is better to have the employable unemployed working three days a week than just drawing welfare," said the NDP member.

Proceedings in the legislature sometimes are so undignified it is a good thing there is no Hansard verbatim report for the records, North Okanagan MLA George McLeod said.

The Sacred MLA told the legislature that statements were made in the House last Friday which "the honorable members eventually will see water piped should not have to put up with."

Mr. McLeod did not say who he thought was to blame for the carryings on, but he suggested that freedom of speech is not an automatic licence to "beamirch" the members.

"Thank God that there is no Hansard in the House, that these remarks can be handed down to posterity," said the North Okanagan MLA.

Water from British Columbia someday probably will be piped down to the United States on a "good neighbor" basis, free of charge, Stan Carmel (SC—South Peace River) predicted.

The U.S. water table is dropping, and B.C.'s mountain streams become waste material once they hit the sea, anyway, he said.

"If water is diverted down there it should be on a good neighbor policy," said Mr. Carmel, adding that "I think we which 'the honorable members eventually will see water piped down from Canada to the U.S.'"

For B.C. Indians

End of Reserves Seen

VANCOUVER (CP)—The force of economics will eventually bring an end to the Indian reservation system in British Columbia, a Brotherhood Week panel was told Sunday.

Dean Goard, assistant director of adult education for the Vancouver school board and president of the Native Indian Council, said B.C.'s Indian population is increasing at twice the rate of the non-Indian population.

LAND SHRINKING

"At the same time, reserve land is shrinking," he said. "The reserves have no base of industry, no jobs to sustain an Indian population."

Mr. Goard said that leaving the reservations to get technical training and jobs is difficult for the Indian.

"Not all Indians are convinced that what we have to offer is going to help them," he said. "An education program is necessary to convince them we can help them."

Key Cronin, author and direc-

tor of the Catholic Indian study and leadership club, said the public image of the Indian, she two major problems confronting said. "It isn't a good one. Indians who come to Vancouver to get vocational training are dian's image of himself which loneliness and a lack of money, isn't very good either. They "But besides needing friend-have a crippling sense of inferiority and the price of a ticket to irony."

WOODWARDS, THE ORIGINAL 1.49 DAY

Where a boy's companions remain lifelong friends

Perhaps your son belongs at T.C.S. along with 280 young men who love the zest of life and learning here

A boy usually spends 5 or 6 years at T.C.S. (and then goes on to university). He remembers them as care-free years, among good friends, in a residential country atmosphere. Yet there is a purpose and a discipline and a tradition of developing boys of outstanding character.

Many substantial scholarships and bursaries are awarded every year to promising boys. Entrance and scholarship examinations for September enrollment will be written across Canada on March 14th. Applications should be made now. For information, please write to the Headmaster, Angus C. Scott, M.A.

Everyone Laughs At Skunk in Home

HAMILTON (CP) — "Wake up," shouted six-year-old Stephen Simmonds, "there's a skunk in the living room." Joseph Simmonds dutifully got out of bed Sunday and walked downstairs.

And there was a skunk, sleeping contentedly behind the chesterfield. The house had been painted only two days before and the living room contained new furniture and wall-to-wall broadloom.

Stephen and his sister Joanne, 8, were evacuated to a neighbor's home. "You've got a what in your living room?" asked a startled policeman at headquarters. No help from that quarter.

Peals of incredulous laughter from an answering service greeted Mr. Simmonds' phone call to a pest control firm. Finally, along came Inspec-

tor Norman Dentman from the Society for the Prevention of Cruelty to Animals.

The skunk was enticed into a special trap, baited with bacon and a large chunk of steak, and hustled off to nearby woods.

Mrs. Simmonds said the animal must have followed her into the house when she and her husband returned from their 11th wedding anniversary celebration Saturday night.

PICKERSGILL. . . no delay

Pentagon Praises Canadian

WASHINGTON (CP) — Dr. Frank T. McClure, a prime example of Canada's own brain drain, has received a high Pentagon citation for "inspired leadership" in heading a massive four-year effort to solve the costly problem of rocket shakes.

These combustion vibrations, which could cause a missile to go off course or explode, are part of the reason why Republican Senator Barry Goldwater of Arizona, a presidential aspirant, has charged that U.S. missiles are unreliable.

The Pentagon has denied the able to get through the enemy lines and so you add to your forces to take that factor into account."

Heading a team of about 180 scientists and technicians drawn from all parts of the U.S., the 47-year-old McClure, chairman of the Johns Hopkins University applied physics research centre, tackled the problem about four years ago. "In that time we've made a lot of progress. At one time it was widely held that combustion instability was too complex for analysis. Now we have found it can be analyzed and

Credit for Canadians Soars 20 Per Cent

OTTAWA (CP) — More and more of Canada's consumer spending is being done on credit, the Bureau of Statistics said Monday.

At the end of November there was a whopping \$1,417,000,000 owing the chartered banks in general personal loans—a rise of 20 per cent from a year earlier.

Letters Checked

Esquimalt Passes Changes for Cars

Three traffic recommendations on roads in Esquimalt were approved by Esquimalt council last night.

Members agreed parking on Lampton Street's east side should be prohibited at all times, there should be no parking on the north side of Esquimalt Road between 7 a.m. and 9 a.m. and stop signs should be placed

on Kinver Street at its four intersections.

The recommendations came from the municipal engineer and the chief of police.

The council also agreed to inform Victoria city council it did not wish to share any cost of the proposed spring flower show.

PROTEST LETTERS

Two letters of protest against Pacific Petroleum Ltd.'s proposed development of land at Esquimalt Road and Head Street—a \$45,000 gas service station were received by the council from the Victoria Automobile Retailers' Association and the Capital Region Planning Board.

Members saw an artist's sketch and plans of the station and decided to receive the application, order the preparation of the necessary bylaw and announce a public hearing on the matter March 2 at 7 p.m. before the meeting of the next council.

FARLANDS ISSUE

At the request of the Capital Region Planning Board, the council agreed to the setting up of a committee consisting of Mayor R. B. Wilson and three municipal reeves to approach the provincial government to discuss the purchase of parklands in the Saanich area by the provincial government.

Community Projects

TV Review Clarified

OTTAWA (CP) — Transport Minister Pickersgill said Monday the government's decision to review policy governing community antenna television broadcasting will not delay operations which were licensed and were being actively developed at the beginning of this year.

Mr. Pickersgill, in his former capacity as state secretary, and former transport minister McIlraith, announced Dec. 31 the government would issue no further licences for community antenna systems — known as CATV — until the Board of Broadcast Governors and the transport department reviewed the industry and its effect on national broadcasting policy.

In a statement issued Monday, Mr. Pickersgill said there

were a number of cases in which licences had been issued before Dec. 31 with a view of starting service in the first nine months of the new year.

"Since the purpose of the announcement of Dec. 31 was to see that no new operation was started until the review of the situation could be made and it was not intended to interfere with the operations that were under way, it has been decided that licences who have not commenced transmission by Dec. 31, but who are actively engaged in developing their operations should not be prevented from beginning transmission if they are able to do so within the nine-month period permitted by the licence," the statement said.

Announce New Healing Substance... Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids . . . and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved . . . actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dym) which quickly helps heal injured cells and stimulates growth of new tissue. Bio-Dym is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator). Satisfaction guaranteed or your money refunded.

Coast IWA Ponders Demands

VANCOUVER (CP) — Representatives of 25,000 coast-area lumber industry workers meet here for three days this week to hammer out contract demands of the IWA.

The contract for coastal employees expires June 15. Negotiations with Forest Industrial Relations, the employers' group, are expected to open about March 18.

A second IWA agreement involving 6,000 more workers in the B.C. Interior expires Aug. 31.

At the request of the Capital Region Planning Board, the council agreed to the setting up of a committee consisting of Mayor R. B. Wilson and three municipal reeves to approach the provincial government to discuss the purchase of parklands in the Saanich area by the provincial government.

Amnesia Girl Back Home

WINNIPEG — Amnesia caused the troubles of Clara McEwen, 23, the bicycling philosopher from Canada who vanished for a while in California recently.

She was brought home Sunday and her father, W. A. McEwen, said "she is okay physically" but doesn't recognize anyone. Clara is four-foot seven-inches tall and weighs 300 pounds.

NEW YORK — Trouble may be brewing at CBS. Ed Sullivan announced he will keep his show at one hour but CBS officials insisted the show will go to 90 minutes each Sunday starting in April.

ATHENS — Greek voters boosted the minority government of Premier George Papandreu, 76, to a majority of 179 seats in the 300-member Parliament.

WASHINGTON — The U.S. Supreme Court overturned an order for deportation of Frank Costello, 71-year-old New York gambler.

NEW DELHI — Police have arrested three people in connection with the theft of a hair of the Prophet Mohammed from a shrine outside Srinagar, Kashmir, last December.

ATLANTA — The U.S. government was sued for \$100,000 by lawyers representing Los Angeles racketeer Mickey Cohen. He was paralyzed from the waist down when hit on the head by a pipe wielded by a fellow prisoner in Atlanta jail, a former mental patient.

MIAMI BEACH — The

SULLIVAN ... trouble?

PAPANDREOU ... majority

Beales, enjoying Florida sun, decided to stay here until they return to England Friday instead of going back to New York today.

LONDON — Queen Mother Elizabeth left hospital 12 days after an operation for appendicitis.

OTTAWA — Mme. Vanier, wife of the governor-general, returned to Ottawa from Montreal after surgery for removal of a cataract in her eye.

PRINCE GEORGE — David Caron, 7, had a close call when a home being demolished collapsed suddenly. He was pinned down by a beam which was pressing on his throat. The boy was freed from the debris by his father and another man.

VANCOUVER — Johnny Walker pleaded guilty to selling a bottle of wine and was fined \$300.

OXFORD — First-year geography student William Campbell, 20, was suspended until April 26 for rustication—having a girl in his room outside visiting hours. His father, Dr. P. M. G. Campbell, said William assured him the girl "wanted advice about her romantic troubles and nothing bad occurred ... and I believe him."

BONN — West Berlin Mayor Willy Brandt was elected leader of the opposition Social Democratic Party.

VANCOUVER — Thomas Brooks, 82, pioneer, poet and sourdough, has died at Carcross, Yukon. His best-known work was Ballads of the Northwest.

VANCOUVER — Mrs. Gay Clark, widowed just before Christmas, gave birth to her third set of twins. Her husband, Gordon Clark, a freelance journalist and former Colonist staff member, died of double pneumonia.

ROME — Actress Anita Ekberg, wife of U.S. actor Rick Nuttley, suffered a miscarriage.

ST. VINCENT — Mrs. Ivy Inez Joshua, wife of the chief minister of this small British colony in the Windward Islands, resigned as minister without portfolio in her husband's cabinet after Britain said it would cut off aid unless she quit. The loss would have been \$500,000 a year.

JACKSON, Miss. — John Pat Brown, 70, and Mrs. Ross Bell, 63, married in 1917 and divorced in 1921, were remarried.

SAN FRANCISCO — Tall Jessie Leong, 18, was chosen Miss Chinatown U.S. for the year 1962. The Chinese new year. She is a dancer, five-feet-seven and 37-23-36.

SINGAPORE — Lawyer Shaw Yee Ming, 32, son of a well-known film magnate, was released after being held by kidnapers for 11 days. He was weak but otherwise in good condition. Shaw's father, Sun Run Shaw of the Shaw Brothers organization, paid no ransom.

WINDSOR, Ont. — Unemployed waiter Albert Brackett, 57, was charged with attempted extortion of \$25,000 from Mrs. Jack Page of Leamington, widow of an H. J. Heinz executive killed in a 1963 plane crash. She received a \$100,000 insurance after his death.

French Take Action To Halt Hitchhiking

PARIS (UPI)—The French government Monday outlawed hitchhiking by people under the age of 18. Sources said it was the first step in a campaign to make all hitchhiking illegal.

There have been several cases of robbery and assault committed by bandits masquerading as ride-seekers.

Five-Thumbing Ride

Intriguing way to hitchhike is demonstrated by Indianapolis high school student Neil Sullivan, 14, whose five-thumb signal actually has help from four friends hidden in lineup. They wanted rides, too.—(AP Photofax)

Pupils in Sooke Face Shift Plan

Unless \$30,000 allocated for activity room construction in the Sooke school district can

be used for immediate construction of six classrooms, children will be on shifts in September.

School Data Thursday

A school building referendum for \$783,000 will be discussed at a meeting of the Saanich School District 63 Parent Teacher Council at 8 p.m. Thursday in Mount Newton Secondary School.

A provincial cabinet order-in-council approved the referendum yesterday.

School board officials Thursday will explain details of the proposed expenditure and proposed changes in the general program for Grades 10 and 11.

A four-room school is required at Granger and Goldstream and a two-room addition at Saanona.

Trustees have been refused permission from the department of education to build the schools.

The trustees have again sought permission to build the rooms instead of activity rooms planned for schools at Glen Lake, Happy Valley and Sangster.

If permission is again refused, the required six rooms will be included in the spring referendum.

If permission is granted, the activity rooms will be included in the new referendum.

If you'd like to improve your home, why not do it now?

Courtroom Parade

Four Drivers Pay \$1,450

A total of \$1,450 in fines was paid by four men who pleaded guilty in magistrate's court yesterday to impaired driving. Another pleaded not guilty and two more were remanded for probation report and sentence.

Hardest hit was Albert Thomson, 3330 Whittier, who was fined \$500 in city court. Thomson struck a pedestrian in a crosswalk at Fort and Vancouver Saturday night.

Robert N. Russell, 32 Gorge West, asked police to drive him home after he collided with a car on Pandora near Blanshard early Sunday. "I'm

in no condition to drive," he told police. Russell was fined \$300 in city court.

John Worthy, 123 Ontario, was fined \$250 in city court when court was told he parked his car on Douglas Street about six feet from the curb when he realized he was impaired.

"At least you had the sense to stop when you realized your condition," said Magistrate Ostler.

Kelso D. Speers, 1388 Goldstream, was fined \$400 when he pleaded guilty in Saanich court to impaired driving.

Boys of Good Family Stole Guns 'for Kicks'

NORANDA, Que. (CP)—Army officers opened an inquiry Monday into the weekend theft of weapons from the local armory by three teen-aged boys.

The boys—two aged 14 and one 15—were found in their homes less than an hour after the theft of four NATO-issue FN rifles, one Bren and four ten submachine-guns was discovered.

IN SNOWBANK

The weapons were found in a snowbank near the armory of the Ninth battery, Royal Canadian Field Engineers. They were not operational because their firing mechanisms were stored separately, in another part of the armory.

Lieut. Ubald L. Arsouche of Noranda police told the inquiry the theft had no apparent con-

nection with the raid by Quebec separatists on the Montreal armory of Les Fusiliers Mont-Royal Jan. 30.

GOOD FAMILIES

He said the boys are children of good families and broke into the armory simply for "kicks." Maj. Stan Nudda, commanding officer of the Noranda Regiment confirmed there was no watchman on duty at the armory last Friday night when the theft took place.

Church Burns

WISHART, Sask. (CP)—Fire destroyed the Greek Orthodox church here during the weekend. About 45 worshippers in the building when the fire broke out escaped uninjured. Wishart is 80 miles north of Regina.

A man pleaded guilty in Esquimalt court to a charge of indecent assault.

Court was told Stephen Cassidy of the Chandler Hotel was at a party in an apartment, then he left with his hosts, who left their children in charge of a 14-year-old babysitter.

Cassidy later returned to the apartment and made indecent advances to the girl, who cried and begged him to stop. Neighbors heard her cries and went to her assistance, then called police.

He told police, "I'm sorry, I must have lost my head."

He was remanded to Feb. 24 for probation report and sentence.

A youth's troubles started when police saw him go through a red light in Esquimalt Feb. 12. When stopped, he was found to have no driver's licence, and was a minor with no insurance, and had liquor in his car.

Ernest Ramsay, HMCS Margaree pleaded guilty in Esquimalt Court to the four charges, and was fined \$20 for being a minor in possession of alcohol, \$25 for being a minor driving without insurance, \$15 for going through a red light, and \$10 for driving without a licence.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just apply a little FARTEX to your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, goopy, pasty taste or feeling. It's alkaline (non-acid). Get FARTEX at any drug counter.

Michael J. Henry, HMCS Margaree, pleaded guilty in Esquimalt court to being a minor in possession of alcohol and having no insurance. He was fined \$20 on the first charge and \$25 on the second.

Charges of theft under \$50 and taking a car without the owner's consent resulted in a \$100 fine in Esquimalt court for Lorne D. Green, Work Point Barracks. Green was also placed on a \$250 bond to be of good behavior for six months.

"Your offence was largely due to boredom, consumption of alcohol and showing off," Magistrate Ostler told a youth in Esquimalt court.

Robert Emslie, HMCS Naden, was fined \$75, placed on a \$250 bond to be of good behavior for six months and ordered to hand his driver's licence and licence plates over to Esquimalt police. Emslie pleaded guilty last week to theft over \$50 when he admitted stealing tires and hub-caps from cars in Esquimalt and Victoria.

"This wouldn't have happened if you didn't have a car," said Magistrate Ostler.

Rambler doesn't have what it takes to make a rattle

EXCLUSIVE ALL-WELDED SINGLE UNIT CONSTRUCTION ELIMINATES BODY BOLTS THAT LOOSEN UP WITH TIME

In the old method of car construction the body is bolted to a frame. In time, body-bolts work loose, causing the squeaks and rattles that are the bane of every motorist.

Twenty-three years ago, we pioneered a new method of building cars. We welded the entire car into one solid unit. Without body-bolts, squeaks and rattles were virtually eliminated. Called Single-Unit construction, it offered a stronger, longer-wearing car. The rest of the automotive

industry is just beginning to adopt this superior method. But even when they do, Rambler will still be ahead.

Two years ago we introduced Uniside, an improvement on Single-Unit construction. Now the entire sides of a Rambler are stamped out of single sheets of steel. By reducing the number of welds and cutting down the possibility of error, it provides a more perfect door fit and an even more rugged car body.

Exceptional and exclusive features like this provide Rambler with everything it takes to make Canada's best car value. Visit your Rambler dealer soon and see what we mean.

Watch Parade every Thursday evening on the CBC-TV Network

Rambler
A PRODUCT OF AMERICAN MOTORS (CANADA) LIMITED

Exclusive Uniside. The entire sides of the car are stamped out of single sheets of steel to give a more rigid car body.

Rugged, long-wearing all-welded Single-Unit construction eliminates body-bolts that cause squeaks and rattles.

Uniside stampings eliminate the possibility of error and variation in door openings to give a more perfect door fit.

Arts Centre Site Decided

OTTAWA (UPI) — Prime Minister Pearson announced Monday the much-demanded national centre for the performing arts will be built in the centre of Ottawa, adjoining Confederation Square.

The project, high on the list of plans for the nation's 1967 centenary, will be only a quick walk down from Parliament Hill.

Pearson yesterday informed Mayor Charlotte Whitton of the decision on a site, and asked the city to convey clear title of the land required to the federal government.

Cost of the project was not given by Mr. Pearson.

BERT LAHR

From Yukon

Foxy's Long Trek Ends on Broadway

NEW YORK (AP) — A musical named Foxy arrived Sunday at the Ziegfeld Theatre, full of laughter named Bert Lahr.

The veteran clown romps and snorts with gusto through some fairly lively and tuneful capers in this show which began its trek to Broadway two summers ago at the Dawson City festival in the Canadian Yukon.

GOLD RUSH YARN
The story is a Klondike gold rush yarn, loosely based by Ian McLean Hunter and Ring Lardner, Jr., on Ben Jonson's Elizabethan classic Volpone.

Lahr and Larry Blyden, who teamed up in the original try-out, play a wily pair of frontier sharpies who outsmart greedy buddies, the Mounted Police and a bevy of music hall doxies with farcical verve.

TALK TO ME
The score, composed by Robert Emmett Dolan with lyrics by Johnny Mercer, has a romantic lovely in Talk to Me, Baby and a bevy of serviceable numbers.

... romps, snorts

World's Fair Will Lose \$50,000,000

MONTREAL (UPI) — The world's fair in 1967 will lose close to \$50,000,000, but Canadians will get many times this investment back in tourist dollars, export trade and business expansion, it was disclosed Monday.

Robert Shaw, deputy commissioner of the World's Fair Corporation, said the exposition would cost \$167,200,000 and would take in only \$119,800,000. But the "economic impact of a massive increase in tourist expenditures, export trade promotion and new business arrangements . . . will easily offset the investment involved."

STOLEN RUBENS
WORTH MILLION
BRUSSELS (AP) — A famous Rubens painting — Heads of Negroes — valued at \$1,000,000 was stolen during the weekend from the Brussels Museum of Ancient Art.

Museum conservator P. H. Roberts-Jones told reporters the painting was worth at least \$9,000,000 Belgian francs (\$1,000,000). But he said this figure would probably be greatly exceeded in the unlikely event the painting was put up for sale.

GLASS ROOF
The thief or thieves entered the museum through a glass roof from a scaffolding on houses being built behind the museum. They climbed down a 20-foot rope ladder, took the painting and escaped by the same route.

The ladder was left behind and the painting's frame was left on the roof.

The painting, by the 17th-century Flemish master Peter Paul Rubens, measures 28 by 25 inches.

TWO MEN
Roberts-Jones said there were two men on surveillance duty normally in the museum, but that one of them was off duty Sunday night.

Roberts-Jones said it was the first theft in the history of the Museum.

The stolen painting is well known in Belgium because it is reproduced on the back of the 500-franc (\$10) bill.

Sunday Concerts

Announcement, River Steal Symphony Show

By BERT BINNY
An announcement and a river stole the show at the Victoria Symphony Orchestra concert Sunday afternoon, which was repeated last night.

Meetings Today In Victoria

- Victoria British Israel Association will meet in the Newstead Hall, 734 Fort, 7:45 p.m.
- Nature Clinic of the Victoria Camera Club, 1685 Hollywood Crescent, 8 p.m.
- Thomas Wellburn will speak to the Kiwanis Club of Victoria North, Tally-Ho, 6:15 p.m.
- Allan Edwards, interior designer, will speak to the Victoria Electric Club, Crest Motel, 455 Belleville Street, 12:05 p.m.
- Esquimalt Lions Club, Carlton Club, 6:30 p.m.
- Dr. W. G. Black will speak on "Some Practical Implications of Brotherhood" at a meeting of the Kiwanis Club of Victoria, Empress Hotel, 12:10 p.m.
- CPR retirees, Crystal Garden, 3 p.m.

Symphony Society president Jack Barraclough announced from the stage the first courses for conductors ever held in Canada will be a part of the school of music which starts this summer.

LEAD CLASSES
Symphony conductor Otto Werner Mueller will lead the classes for student conductors.

The river is Czechoslovakia's Moldau and the orchestra's performance of the Smetana tone poem, Moldau, was by far the most impressive and absorbing of the three items on the program.

FINE TIME
To begin the program, the string sections had a fine time with Handel's fifth concerto grosso, led by Arthur Polson, first violins; Elfreda Sewell, seconds, and Edward Gaskell, cellos.

Baby Boom Crisis Near

The post-war baby boom in B.C. will hit the labor market and higher education facilities within a few years.

The crest of the boom will add new strains to the labor market and already burdened education facilities.

And this boom, in turn, will create another baby boom in British Columbia—and multiply once again the problems of finding thousands of new jobs and more money for education.

RESOURCES INDUSTRY
The projection of challenges to come is outlined in a recently-released inventory of B.C.'s resources published here Sunday by the B.C. Natural Resources Conference.

Jack R. Meredith and G. Ronald Knight of the bureau of economics and statistics in Victoria dealt with population, labor, and public school enrollment. Walter G. Hardwick of the geography department at the University of B.C. detailed higher education needs and Dean H. Goard of the adult education department of the Vancouver school board related education, labor and natural resources.

SUDDEN INCREASE
The post-war boom was a sudden increase in the birth rate after the Second World War.

The survey says the boom is expected to start entering the province's labor force and

post-high school educational facilities in the late 1960s.

It will hardly be out of school when it starts reproducing itself, and this second baby boom is expected to start creating school problems in 1973.

SCHOOL COSTS SOAR
The survey, which predicts B.C.'s population will reach 1,782,000 next year and 2,370,000 in 1975, says public school enrolment will be 481,800 by 1970-71, a 38 per cent increase from 1961-62. It will increase another 14 per cent by 1975-76.

Do You Remember? Evening at Oaklands

Memories of yesterday will be recalled this evening when former pupils and teachers of Oaklands School gather for the reunion to mark the school's 50th anniversary. Guests of honor will include Mrs. E. H. McInnis, wife of a former principal and herself an original teacher at Oaklands, and Mrs. C. B. McDunnell, another member of the first teaching staff. About 1,000 people are expected to attend.

Full-time Worker Needed in North

A Fort Nelson clergyman has appealed to Welfare Minister Black "to take positive action" to end a situation that prompted the resignation of a young Fort St. John social worker.
Rev. T. J. Sawyer of Hillcrest United Church told Mr. Black welfare problems in the town of 2,500 are so troublesome that the case-load requires "at least one full-time worker."
Yet the nearest provincial welfare office was at Fort St. John, a day's drive away.

Temple, the social worker responsible for some 1,100 miles of the Alaska Highway north-west of Fort St. John, including Fort Nelson.
In the wake of welfare department defections the government should scrutinize the moral standards of its employees, Highways Minister Gagliardi told the legislature yesterday.
WORKERS CASTIGATED
For seven minutes after Premier Bennett had opened the sitting by pointing out Monday was the first day of Brotherhood Week the Highways Minister castigated the defectors.
He was referring to Prince George social worker Bridget Moran and former Fort St. John social worker Wallace du Temple. Both wrote open letters complaining of welfare shortcomings.
The minister said they were unprincipled and should have taken their complaints to their superiors (both said they had) and not to the press.
"Where is the principle?"

B.C. Bill Bars Age Ban

A government bill introduced in the legislature yesterday bars employers and unions from discriminating against older workers.
The Bill amends the Fair Employment Practices Act and was given first reading. The Act already barred discrimination against workers on grounds of race, religion, color, nationality and ancestry.
GROUND OF AGE
When the amendment is passed it will make it illegal for employers to refuse to hire or discontinue employment of any person between 45 and 65 on the grounds of age.
Employers will not be allowed to infer in advertisements for labor any discrimination on account of age, and trade

unions will not be allowed to object advanced by employees. It does not require them to include older workers in retirement schemes.

B.C. Men in Ottawa

Ship Jobs Sought

Prime Minister Pearson was strongly urged yesterday to immediately let contracts for conversion of three Esquimalt-based destroyer escorts in B.C. "to avert an early calamity in our shipbuilding industry and our economy."

Mayor R. B. Wilson and North Vancouver mayor W. M. Angus headed the west coast delegation which presented the request in a brief to the federal government.

"We couldn't have asked for a better meeting," Mayor Wilson said last night, adding Mr. Pearson made no promises but promised after a sympathetic hearing, the matter would receive serious study from the departments involved.

Other members are Ald. A. W. Toone, representing labor, and Chamber of Commerce president E. E. Pearman.

The brief also requested re-allocation of work in the \$165,000,000 five-year federal shipbuilding program so that west coast yards get more than the expected 17 per cent share, and creation of a Canadian merchant marine.

GRIM PROSPECT

It asked Ottawa to give due consideration to "the grim prospect of unemployment... in major shipyards on the west coast" which according to estimates could see 2,000 workers laid off in the next few months if additional shipbuilding contracts aren't forthcoming.

The brief added that in Greater Victoria 8.17 per cent of the total work force was unemployed in January compared with the latest national figures, for December 1963, of 5.1 per cent.

INSTANT WORK

"The need now is for 'instant' work in these yards if we are to forestall large scale unemployment," the brief said.

To meet the impending crisis, the delegation asked for immediate action in letting contracts for three destroyer-escort conversions to B.C. yards, and in ensuring that a larger portion of the new federal shipbuilding program be done in B.C. than has been the practice in the past.

PROSPECTS MEAGRE

In spite of aggressive attempts by B.C. shipyards to win more industrial contracts, present prospects for jobs that would keep intact the yard's highly skilled workers are "meagre."

"There is also a need, however," the delegation said, "to take a serious look at the need for long-range stabilization of the west coast shipbuilding industry with its past history of feast or famine."

MENTHANT MARINE

"The answer to this could well be a start on rebuilding of a Canadian merchant marine. It is hoped this will have the serious consideration of your government."

Shipyard Talks To Resume

Union-management talks in the B.C. shipyards strike are expected to begin again early next week.

David Chapman, chief negotiator for the unions, said in Vancouver last night he made overtures yesterday for union-management talks to begin again and the talks have been set for Monday or Tuesday of next week.

He said the spokesman's meeting is to be held by the unions Wednesday in Victoria "to establish our position before we meet with management."

About 1,400 workers have been on strike at Yarrow and Victoria Machinery Depot in Victoria since Feb. 5. Some 650 workers have been striking at Burrard Dry Dock in North Vancouver since Feb. 6.

Talks Break Off

VANCOUVER (CP) — A wage dispute involving policemen, two city hall employees' unions and the city of Vancouver will go to a conciliation board following a breakdown in salary negotiations. More than 3,500 employees are involved.

All smiles after meeting with Prime Minister Pearson over west coast shipyard problems was delegation including Victoria's Mayor Wilson, left and North Vancouver's Mayor W. M. Angus, right. Others are, from left, Mr. Pearson, mainland MP Jack Davis and Victoria MP David Green. — (CP Photofax)

\$90,000 For Victoria

OTTAWA (CP)—A promised \$90,000 loan to Victoria to aid construction of the proposed civic theatre and convention facilities was announced Monday by the Municipal Development and Loan Board.

The Board also announced a \$57,007 loan to Sidney for water services in a list of loans totalling \$1,748,853 for capital works projects.

Women Back Red China

OTTAWA (UPI)—The Voice of Women Monday urged the Canadian government to recognize Red China and do something about radiation fallout in Canada.

Forty of the women had breakfast with Defence Production Minister Drury and afterwards gave him a hard-hitting brief for Prime Minister Pearson.

"We're always glad to hear from you," said Drury snubbing for the prime minister who was tied up with last-minute details of the opening of Parliament today.

TREATIES INADEQUATE

The women said in their brief that disarmament agreements and test ban treaties that excluded Red China were "inadequate."

The brief urged recognition of Red China and increased cultural and trade relations with Communist countries, including Cuba.

NO PROMISES

The women received no promises on their demands for recognition of Communist China, but they did make headway in a plan for greater recognition of the danger of fallout.

They were told that a scientific advisory committee—promised last November in the Commons by Health Minister LaMarsh—has been formed and its make up will be announced shortly.

The committee will advise the Dominion Council of Health on radiation matters.

The Voice of Women also announced that it is joining with

the Women's Peace Force in the U.S. on a Mother's Day appearance at the May meeting of NATO in The Hague.

Employment Up

**Married Women Joining Labor Force
Account for Big Jump in Figures**

By ROBERT RICE

OTTAWA (CP)—Women seem to be going back to work in large numbers — particularly married women.

This trend was pinpointed in a review of the labor force in the last three months of 1963 prepared by the bureau of statistics.

It showed 1,881,000 women at work in the last quarter of 1963 — an increase of 130,000 over the year-earlier period.

This was a 7.4-per-cent jump, the second highest increase in the number of women at work in the post-war period.

Employment of men went up 2.6 per cent to 4,619,000 in the same period. This was more than double the average annual rate of increase of the last 10 years.

The increase in jobs for both men and women was more than the rise in the labor force, thus holding back unemployment totals.

The fourth-quarter labor force rose by 207,000 over the year, while unemployment thus was down by 41,000.

There's the over-all picture for the fourth quarters of 1963 and 1962, with the estimates in thousands:

Labor Force	6,803	6,596
Employed	6,500	6,232
Unemployed	303	364

Women accounted for 60 per cent of the gain in the total labor force, with married women entering the force in unusually large numbers. Of the extra 127,000 women who entered the labor market in the last quarter of 1963, an estimated 88,000 were married.

The DBS study also showed a hefty increase in the number of teenage boys and young men between 20 and 24 in the labor force.

There were 364,000 boys between 14 and 19 years of age in the labor force in the last quarter of 1963. This was an increase of 33,000 over the year-earlier period — a 10-per-cent jump. The number of young men between 20 and 24 rose 3.9 per cent to 536,000.

**TUTORING
FOR SCHOOL CHILDREN**

Are you worried about your child's school work? If your child needs help with Reading, Arithmetic, Spelling, Mathematics, Science, English or any other school subject call Universal Tutoring College. Highly qualified Universal Tutors assist students of all ages, of all grades, in all subjects for all school examinations.

TUTORING TAKES PLACE AFTER REGULAR SCHOOL HOURS . . . IN
★ The privacy of your own home or
★ With individual guidance in a small group at the college.

The all-important Easter examinations are not too far away. Do not let a weak subject spoil your child's chances of getting good grades. For details call **386-3478**

Newly-elected Job's Daughters honored queen of Bethel 29, Campbell River, is Pat Buckley, centre. Senior princess Nikki Brouley is pictured at left, and junior princess is Judy Nickerson. Installation took place in Willow Point Hall.

**Oak Bay B and P Club
Welcomes Members**

The dinner meeting of the Oak Bay Business and Professional Women's Club was held recently at the Oak Bay Beach Hotel. President, Mrs. Geraldine Simpson, introduced four "new" members, Mrs. Faith McNeel-Caird, Mrs. Mary Rawnsley, Miss Roseann Barratt and Mrs. Irene Saunders. Miss Elizabeth Forbes, of the Victoria Business and Professional Women's Club was a guest.

The topic of the meeting was "Peoples of Other Lands" and to illustrate this Mrs. Agnes Henning showed slides taken in many countries. Mrs. Henning accompanied her slides with an interesting personal commentary.

Mrs. Geraldine Simpson was nominated to represent the club at the 19th Biennial Convention of the Canadian Federation of Business and Professional Women's Clubs which is to be held in Ottawa, July 12 to 16. Mrs. Joy Perkins will represent the club at the provincial conference to be held at Pinewoods, May 16 to 18.

**Glenbow Foundation
Subject of Address**

Moncrieff Williamson, curator of the Art Gallery of Greater Victoria and formerly director of the art department at the Glenbow Foundation in Calgary, will address the Victoria Women's Canadian Club on Thursday, Feb. 20, at 2:30 p.m. in the Crystal Ballroom of the Empress Hotel. His subject will be "What is the Glenbow Foundation?"

Mr. Williamson is a Fellow of the International Institute of Arts and Letters, Germany; member of the International Council of Museums, Paris, and a former council member of the Canadian Museums Association.

Mr. Williamson is the author of *The Fluid Idol* and has contributed poetry and articles on art to numerous publications in Canada, United States, England and New Zealand.

PIONEER CLUB
Pioneer Club of the Women's Benefit Association. Review No. 1 will meet at the home of Mrs. N. Brown, 124 Kings Road, on Feb. 21 at 2:30 p.m.

CONFIDENTIAL TO CLOSED MIND: Not only closed but nailed shut, my friend. I suggest you open it occasionally. Something of value may drop in.

Ann Landers

Dear Ann Landers: Our 19-year-old son is giving his 18-year-old girl friend a dress for her birthday. The price, whether it is \$1.98 or \$49.98, is of little consequence. It is the principle to which I object. Both of these teen-agers are in college. They have been going steady for 15 months.

I have been assured by my son and by a friend who is the mother of two teenagers that I am hopelessly square. They promise me I will eat my words when I read your reply in the paper. I have the knife and fork ready. How about it?—**FOGUEY OF 60.**

Dear 40: Hand the silverware to them. Mother. A dress is not a proper gift from a teenage boy to his girl.

Ask your son if he would like sweetheart to buy him a suit for his birthday. Same thing.

Dear Ann Landers: The letter signed "Unappreciated" made me fighting mad. I happen to be a wife who likes to sleep late, too. My husband is perfectly relaxed about fixing the kids' breakfast. It's not that big a deal.

There's no doubt that he is an exceptional man. I hear my friends complaining about their husbands all the time and I can't find anything wrong with mine. I notice that the women who complain the loudest are the meticulous housekeepers and the spectacular cooks. If one of their husbands ever put a briefcase on the dining room table he'd get shot.

When my husband comes home at night he can drop his socks and shoes wherever he wants to. I don't care if he tracks in a little snow or mud. The house is to live in and I want him to enjoy it.

Maybe we are slobs, but we're happy slobs and we get along just fine. So why don't people just mind their own business? I APPRECIATE HIM.

Dear Appreciate Him: Apparently you are doing a mighty good job of minding yours. Congratulations on what sounds like a mutually rewarding and durable relationship.

Dear Ann Landers: I don't want you to think I hate my mother because I really do love her very much. But when she treats my older sister like a queen and I get treated like Cinderella it makes me so unhappy I don't know what to do.

I am 14 and my sister Janice is 16. It all started in September when my sister Janice went into the 10th grade. Mother bought her loads of pretty clothes because she said it was important for Janice to look just right. I didn't get anything new. I got some of Janice's worn skirts and blouses—only because Janice's clothes closet was crowded, and she had to make room for the new things.

Mom drives Janice everywhere she wants to go. When I ask Mom to drive me someplace she tells me to stay home and do my school work. I'd leave home if I knew where to go. Please tell me what to do.—**BORN TOO LATE.**

Dear Born: It's always painful to feel that a parent is favoring a brother or a sister over you. Every child who ever grew up with a brother or sister has had this feeling at one time or another.

so much stereo quality

Only the leader in stereo hi-fi could give you so much quality—so many special features at this remarkable low price.

The beautifully styled Deifcraft cabinet is engineered in Canada's largest stereo laboratories for acoustical perfection. It encloses six balanced speakers for volume, brilliance and clarity.

AM/FM tuner and 20 watt, transformer-powered amplifier are painstakingly handcrafted for precision and dependability that can't be achieved with corner-cutting mass production methods.

The Chancellor's costly and precise Garrard 4-

speed changer has a counterweighted tone arm for perfect balance. Electrohome's exclusive Micro-Track ceramic cartridge "floats" with a feather's touch to safeguard your records. The control panel puts a conductor's baton in your hands, to blend the tone and colour of music to your taste.

Stereo FM radio is yet another treasured feature of the multiplexed Chancellor, that will add to your listening pleasure. FM stereo light indicator automatically pin-points perfect tuning.

Electrohome's exclusive Satellite Speakers, an optional feature, pour out a fountain of stereo sound to literally surround you with music.

The Chancellor marks a breakthrough in stereo perfection, at this low price. You must hear it to appreciate what astonishing value it really is!

See Chancellor TV too, with superb matching cabinet at the same remarkable price. Ask about Electrohome's revolutionary 18-tube Centurion Chassis that sets new standards in performance and reliability.

PERSONAL MENTION

Mr. Dave Alton of Victoria, Mr. J. A. N. Balme of Cobble Hill and Mr. and Mrs. Leigh Wharton and daughter, Victoria, of Nanaimo, have been among those who signed the register at B.C. House in London last week.

Announce Engagement

Mr. and Mrs. N. A. Griffin, 3830 Nancy Hanks Road, announce the engagement of their only daughter, Sharon Lee, to Mr. Gary Richard Bosence, son of Mr. and Mrs. R. G. Bosence of 3415 Browning Street. The wedding will take place in St. Luke's Church, Cedar Hill Cross Road, on Friday, March 6 at 7:30 p.m. with Archdeacon C. E. F. Wolff officiating.

Grocery Shower

Miss Linda Venus and Miss Jennie Jacobson were co-hostesses at a grocery shower held for bride-to-be Miss Margaret Henze held at the home of Miss Jacobson. Games were played and refreshments served. Guests included Mrs. C. Henze, Miss Joan Henze, Miss Grace Henze, Miss Sandy Campbell, Miss Barbara Callwell, Mrs. M. A. Jarvis, Mrs. H. Jacobson, Mrs. G. Weeks, Mrs. J. Kenny, Mrs. G. Osborne, Mrs. W. Waters, Mrs. L. Pearce, Mrs. L. Nains, Mrs. C. Dash, Mrs. L. Dell, Mrs. J. Budynski, Mrs. P. Nordlinger, Mrs. B. Wells, Mrs. Q. Humphrey-Jones and Mrs. G. Lister.

At San Francisco Show

Mr. and Mrs. Ed Cuppage leave Monday for San Francisco to attend the Pacific Automotive Show. Also attending the week-long show will be Mr. Jack Rundell of Victoria.

From Saskatoon

Mr. and Mrs. C. H. Newell of Saskatoon, Sask., are visiting at the home of Mr. Newell's parents, Mr. and Mrs. H. A. Newell, Estevan Avenue. They are here to help the senior Newells celebrate their 50th wedding anniversary.

The B.C. Indian Arts and Welfare Society will hold a tea in the Douglas Room of the Hudson's Bay Company Saturday, Feb. 22, to mark their 25th anniversary. Dr. Hugh Keenleyside will open the tea at 2 p.m. Guests will be welcomed by the president, Miss Elizabeth Pragwell, assisted by Mrs. Joe, wife of Chief Edward Joe of Esquimaux; member of the advisory council, Mrs. Richard Albany of Songhee, a past secretary, and Mrs. A. J. Tullis. A Cowichan sweater, a gift from Chief and Mrs. Edwin Underwood, will be a door prize. Indian crafts will be on display and there will be

a stall of home baking. Mrs. Helen Hunt, granddaughter of the famous totem carver, the late Mungo Martin, and her daughter, Miss Noreen Hunt, will give a short program of Indian dances. Pictured are a group admiring the decorative blanket Miss Hunt will wear for one of the dances, left to right, Miss Hunt, Mrs. Tullis, Mrs. Joe, Mrs. E. F. W. Cox, general convener, and Miss Barbara Beattie, who will help in serving. Tickets may be obtained by phoning Miss Mary R. L. Adams, EV 4-2682, or at the door. — (Robin Clarke)

Thinking Day On Saturday

Next Saturday 211,000 Canadian girl guides, brownies and rangers will join with millions of other girls in 63 countries of the free world in special celebrations to observe annual Thinking Day. This day is set aside to promote world friendship and is a tribute to the late Lord Baden-Powell of Gilwell, who founded the Boy Scout and Girl Guide movements, and his wife, Lady Baden-Powell, world chief guide, whose birthdays both fall on this date.

World friendship is not a one-day observance. Throughout the year girl guides make special studies of other countries through international camping. Included in the past year's ac-

tivities were a trip to a Japanese camp; another to New York and Fort Worth, Texas, and one to Mexico. Celebrations for this year's observance began Sunday when local guides of the Victoria area held a church parade in St. John's hall. Thinking Day itself will be observed with a patrol leaders' conference for the whole area and the week will conclude next Sunday when guides attend churches according to arrangements made by their own divisions.

PM's Daughter To Marry

LONDON (Reuters) — Prime Minister Sir Alec Douglas-Home's 24-year-old daughter Muriel will marry Adrian Darby, 26, a tutor of economics at Keele College, it was learned Monday. Formal announcement of the engagement will be made Tuesday.

Jubilee Nurses Receive Caps

It was an impressive moment for 39 students of the Royal Jubilee Hospital's school of nursing when they received their caps at ceremony held in the reception room of the nurses' residence, Friday afternoon. Capping is symbolic of the completion of the students' probationary period.

Hospital administrator George Masters greeted the guests. Miss Muriel E. Thompson, director of nursing, presented "caps" and spoke to the students. Each student received a miniature Florence Nightingale lamp, gift of the hospital's Women's Auxiliary. Canon R. K. Sampson presented the principals with New Testaments that had been donated by the Ladies' Auxiliary of the Gideon Society.

Program included a selection of songs by the students' choir. Following the ceremony, refreshments were served to the students, their parents and guests by the hospital's alumnae association.

Victoria students are Virginia Ambery, Marilyn Bawley, Patricia Bowden, Cheryl Custance, Margaret Dawson, Valerie De-foe, Irene Forbes, Janis Girard, Jo Ellen Graham, Wendy Hatcher, Carol Hay, Pamela Heycock, Sheila Hincels, Lucille Lamb, Kathleen Landels, Frances Morrison, Blainne Scriver, Heather Thorndick.

Others were Heather Auchinclo, Union Bay; Lois Bossett, Cobble Hill; Lynne Cozens, Chalmers; Catherine Douma, Sidney; Janet Manville and Anne Harold, both of Vancouver; Barbara Lansing, Powell River; Joyce Lefaux, Nelson; Sharon Litwen, Cumberland; Eileen Meynell, Donna Kellock and Carol Pack, all of Duncan; Carolyn Moody, Monrose; Laureen Pannikot, Bonington Falls; Sandra Smith, Ladysmith; Helena Taylor, Parksville; Nancy Turner, Brentwood; Anne Troman, Port Alberni; Shirley Wagner, Courtenay; Sheila Westlin, Great Central, B.C., and Carolyn Wylie, Vernon.

CREDIT WOMEN
Victoria Credit Women's Breakfast Club will meet Feb. 18 at 7 a.m. in the boardroom, Dominion Hotel. Subject: Educational Skit in Manual Commentator: Miss Jessie Duff of Hudson's Bay Company. Cost: Mrs. E. Ward, and the Misses Ivy Burwood, Florence McDougall and Georgie MacKay.

Two birthdays and a christening were celebrated in HMCS Saskatchewan Sunday, Feb. 16. One-year-old Alexandra Regina Henley was born part-way through Saskatchewan's commissioning just a year ago, and to mark the twin-anniversary she was baptized at the ship's bell. Left to right are

Chaplain (P) H. A. Mortimer, command chaplain; little Miss Henley, her mother and father, Lt.-Cmdr. and Mrs. D. Alan Henley, and godmother Miss Ann Hertzberg. Lt.-Cmdr. Henley is Saskatchewan's executive officer.

President Calls Attention To Progress Made by Women

One hundred and twenty women — the largest number ever to register at the annual meeting of the Provincial Council of Women of B.C. — are here for the 45th annual meeting which began its three-day session in the Georgian Lounge of the Empress Hotel yesterday.

Greetings from the city were brought by Alderman Lily Wilson and the devotional was given by His Excellency the Rt. Rev. Remi de Roo.

Mrs. B. Galloway, Vancouver, president, gave the main address of the afternoon with the leading comment that women had continued "to make progress in the field of business and the professions."

"This was sharply evident," said Mrs. Galloway, "when the Vancouver Board of Trade finally abandoned a 70-year exclusion of women in their ranks, by inviting a small group to lunch and an invitation to join the board."

"Always about 40 women are members. The board will never be the same."

PROVOKING
Mrs. Galloway introduced a provoking thought for discussion in stating, "Since so many young mothers now find it necessary to work to augment the family income, should we become interested in the establishment of child care centres or creches?" She asked members to make local surveys.

Mrs. Galloway recommended looking into regulations and legislation regarding pregnant women.

She found a B.C. act of 1921, revised in 1948, prohibiting the employment of a woman for six weeks following child-birth. "Sounds obsolete," said Mrs. Galloway.

Each province, she pointed out, has its own acts regarding civil servants. In Quebec a

woman must resign on marriage; in Nova Scotia married women are not employed unless there is a shortage of male help.

The speaker reported women had not so far been able to make a great showing in the political arena, but predicted it "would come."

MORAL ISSUES

"We are all concerned with laxity in morals of our young people," she said.

"In many ways I think we have been responsible. We were so keen to have the stigma of 'illegitimate' removed from the children of unwed mothers. This is perhaps right but it has resulted in the thinking of many that there is no shame attached to production of such children. The situation has led many a man to enter into a union which leaves him free to abandon his erstwhile mate at any time."

"This is one area where I feel our council could serve. Perhaps government sponsored marriage ceremonies such as the Citizenship Ceremony would bring these people forward. A study may be worthwhile."

URGED DELAYS

Report of the corresponding secretary was also given during the afternoon by Mrs. Donald Elliott, who pointed out that Provincial Council maintains its deep interest in Indian Affairs. Provincial has another Koerner Foundation grant for this work.

"Throughout the year," said

ONTARIO GROUP
Mrs. George Balfour, 426 Chester Ave., will preside at afternoon tea and bridge of the Ontario Social Group in the Mahogany Room of the Strathcona Hotel, Feb. 19 from 2:30 p.m. to 4:30 p.m. Former Ontarians welcomed.

Mrs. Elliott, "we indicated to the government our interest and concern on a number of public issues. In this connection we urged delay in the implementation of Succession Duty Bill No. 10; urged that the White's Protection Act be reviewed and amended; followed up a long standing request for the publication of a booklet containing laws pertinent to women and children; wired the attorney-general protesting the release of Charles Heathman; wired the senior government protesting proposed removal of search and rescue facilities from the Vancouver area. We were pleased to express our pleasure on the appointment of Mrs. Marion Ricker to the Senate of Victoria University."

Garden Notes

Lettuce Holds Own

By M. V. CHESNUT, FRHS

Last December I had a most illuminating interview with a prominent U.S. seedman—actually, I was trying to pick his brains to find out what new flowers and vegetables we could expect to find listed in his catalogue this spring. In the course of our chat, he told me that his sale of vegetable seeds was steadily declining as compared with flowers, and that his dollar volume was now less than one-third that of his flower seeds. He attributed this, of course, to the modern trend toward turning the backyard into an outdoor living room, with no available space for vegetables.

Breaking it down still further, about 60 per cent of his vegetable seed sales were for salad vegetables, and well over half of these were for lettuce seeds. I suppose the reason is because freshness is so important in lettuce—it suffers so much more deterioration while passing through the channels of trade than, say, carrots or potatoes—and the only way you can get really fresh stuff is to grow it yourself.

There are two ways of growing lettuce. You can sow your seeds indoors or under glass in early March, transplanting the seedlings to the open garden in April, or you

can sow your seeds directly into the garden rows starting in April, making succession sowings every few weeks throughout the summer to maintain a continuous supply. Personally, I sow outdoors, because for some strange reason, I can't transplant lettuce seedlings for some reason. I can move almost every other plant with a fair degree of success, even the very difficult members of the poppy family, but lettuce has me licked. Whether I am doing something wrong or whether lettuce just doesn't like the color of my thumbs, I wouldn't know, but I find it easier to sow outdoors, then thin the seedlings drastically to give the correct spacing.

The catalogue lists two classes of lettuce—head lettuce, which makes a tight, firm head like a cabbage, and leaf lettuce, which never makes a head at all. There is also an intermediate type known as Butterhead that makes a loose head with pale yellow or cream-colored center leaves. Cos or Romaine lettuce makes a tall, elongated head, very good but somewhat more trouble to grow in that you have to tie the outer leaves in order to blanch the centres.

I think it is wise for the home gardener to grow at least a little of the leaf or butterhead lettuce in addition to his head lettuce, for the latter

doesn't head up until the summer is half over, while you can start using the leaf or butterhead kinds almost as soon as the seedlings come up.

I keep trying different varieties of head lettuce, but I have yet to find one I like better than a little fellow listed variously as Imperial 456, Cornell 456 and Sweetheart Improved 456, depending upon whom catalogue you use. I have a strong suspicion, too, that the popular Old Country lettuce called All Year Round is actually my old friend 456 but with an English accent.

While making only small heads, the big thing about 456—apart from its crisp texture and excellent flavor—is that it heads up far more surely than any other kind I have tried, and it will make a good tight head in almost any kind of weather.

Several readers have asked me about a lettuce called Limestone or Bibb, served in luxury hotels and restaurants as a separate course and usually costing \$1 per portion. This is a butterhead type and seeds are available locally, and while the flavor is out of this world, Bibb is not a long-standing lettuce and will fare miserably as soon as the weather turns hot and dry. A better bet is Buttercrunch, which has the Bibb flavor but is much easier to grow.

PETER SELLERS Talks to SHEILAH GRAHAM

Honeymoon Delayed

NEW YORK (NANA)—Peter Sellers and Britt Ekland will be separated for three months, just four days after their marriage on Wednesday.

The beautiful 21-year-old Swedish blonde must remain in London for her film, *Around the World in a Flying Machine*. Her famed 36-year-old groom-to-be must leave her Sunday to go halfway around the world in a jet flying machine for Hollywood, where he will star for Billy Wilder in *Kiss Me Stupid*. And he hopes he is not being stupid in leaving the girl he only met three weeks ago in the corridor of their respective suites at the Dorchester Hotel.

It was like this: Peter was going to his suite, when he saw Miss Ekland going to her suite. He followed her, knocked at her door, introduced himself and asked her to have a drink with him downstairs.

"I took some photographs of her," said Peter who is an expert photographer. "And when they came back from the dark room, I thought to myself, 'This is a very shiny girl.' By this time she had left for New York, so I had to propose by telephone.

After Britt's acceptance speech, he told Peter that his call had been transmitted via Telstar. This is the first proposal of marriage on the wonder wave length.

"I'm so happy to be marrying Britt," said Peter via the ordinary transatlantic phone.

All he does is buy presents for Britt. In addition to the \$15,000 100-year-old engagement ring, comprising six diamonds, six rubies and six emeralds, Peter, who has owned 81 cats at one time or another, bought his bubbling

near-bride a \$5,000 bright red Lotus sports car. It can do 140 miles an hour, but he hopes she won't.

And he has plunked down nearly a \$100,000 for a 16th-century cottage in Sussex with 10 acres for the walks he likes to take with his two life-size mechanical elephants. And when the four of them tire of walking, they have the yacht.

"It will be ready by the time we can get together again in June," said Peter enthusiastically. "It's a marvelous boat, 100 feet long, and it is being made by the Royal Yacht builder. If it is ready in time, we will spend our honeymoon on the yacht, cruising around the Greek islands."

Peter earns \$1,000,000 a year, and his young bride will not have to work for money. "I'll give up my career, if you want me to," she said to Peter. To which he replied, "No, you are talented, you must do what you have to do in life."

Peter, playing three roles right now in *Dr. Strangelove or How I Learned to Stop Worrying and Love the Bomb*, will not be quite alone on the flight to Hollywood. Accompanying him is his chauffeur-friend, Bert Morico. That's nice, but not quite the same as a bride.

George Fopparad reveals that not one of the lady stars in *The Carpetbaggers* wears a bra! The braless ladies include Carroll Baker, Martha Hyer and Elizabeth Ashley.

Burt Lancaster and Paramount want Audrey Hepburn for the movie version of best-seller, *The Spy Who Came In Out of The Cold*.

ART BUCHWALD Reports

He's a Handy Man

WASHINGTON—Politicians by nature are big handshakers, but very few can be put in the class with Sen. William Proxmire of Wisconsin.

Sen. Proxmire is the hand-shaker's handshaker. Almost every weekend, for five years, since he's been in the Senate, he has flown back to his home state with one purpose in mind — to shake as many hands as possible. Last year he shook 300,000 hands and this year, since he is running for re-election, he hopes to better it.

While most politicians will shake a hand when they see it, Sen. Proxmire reaches out hands to shake in an almost scientific manner. It's almost impossible not to shake hands with him if you happen to be in the same town.

A typical Proxmire weekend, as he explained it to us, goes something like this. The Senator leaves Washington at 6:45 in the evening and arrives in Milwaukee at 8 p.m. He immediately heads for a shopping centre and starts shaking hands.

Sen. Proxmire always stands out in front of the centre so he can shake hands with people as they go in as well as come out. He usually says, "I'm Sen. Proxmire and I just wanted to say hello." Then he hands them a piece of campaign literature.

"If anyone throws away the literature, I pick it up," he said. "It looks very bad to have your campaign literature littered on the sidewalk."

On very cold nights a kindly shop owner may let the Senator stand in the entry area. After shaking hands at the shopping centre, the Senator then retires to get up early on the following morning for factory hand-shaking. He turns up at the gate of a large factory and shakes hands with all the workers as they go in. If there is more than one gate to the factory, the Senator

may come back at the end of the day and shake hands as the workers come out.

During the day he will go to the main street of the town and shake hands on a street corner or in front of a large department store. On Saturday afternoons, during the football season, the Senator searches out the best game in town and shakes hands with all the fans as they go in. He may work several games in the same day, driving from one town to another.

"Football games give you a lot of hands," the Senator said, "but the people have other things on their minds and you're not sure when they shake your hand if they remember it."

This is why the Senator likes to work bowling alleys.

"People are more relaxed in bowling alleys and are sitting around doing nothing."

In the evenings Sen. Proxmire prefers to find an ice show or a basketball game or a movie theatre to work in front of. His greatest evening

since he's been in politics, he told us, was when he hit an ice show, a dog show, and a Mormons' convention all in the same night.

Although handshaking in the winter is cold work, Sen. Proxmire says he prefers it to the summer. "You get a brisk handshake in the winter. People don't want to linger. In the summer people hold on longer and their hands perspire."

That's when Sen. Proxmire develops callouses.

Occasionally he hurts his hand.

"The biggest danger for a politician is to shake hands with a man who is physically strong, has been drinking, and is voting for the other guy."

Sometimes a woman who shakes hands with him brings the Senator's hand up to her bosom and holds it there. Sen. Proxmire doesn't like this because, he said, "I can lose four handshakes while it's going on."

All-game to the last. Alyn will recover both a marble and health, said the media, Jolly good show, Alyn!

Statistics I don't believe come from a new refrigerator or stove has a life expectancy of 16 years. An automatic washer should last 11 years and a dryer for 14. (How's that?) The freezer should go for 13, the vacuum cleaner for 18, the sewing machine for 24 and the TV set for 11.

"When birds do sing, hey ding a ding ding!"

"Sweet lovers love the spring."

It is spring because I had the car washed.

It is spring because the locomotive sales are on.

It is spring because I say so. And remember who said it first.

Radar Checks to Follow Saanich Speed Cut Bid

The provincial highways department plans to take radar speed checks on the Patricia Bay Highway at Royal Oak to assess Saanich council's proposal that the speed limit there be reduced.

Council learned last night the Royal Oak Elementary School PTA wants the government to install traffic lights at the highway-Glanford Avenue intersection.

GAGLIARDI OPPOSED

Coun. Leslie Passmore said Highways Minister Gagliardi has previously expressed himself to be opposed to stop lights on the highway.

Council voted to reject an application for a huge rooftop sign on the planned Woolies department store at the Town and Country shopping centre. In accordance with the Saanich sign bylaw and Saanich plan-

ner Anthony Parr's judgment the proposed sign was "blatantly, tasteless and unnecessary."

Council approved an alternative plan for a sign of equal size on the wall.

BONNER REPEATS

Attorney-General Bonner has repeated his government is not opposed to installation of a liquor store in Saanich, council was told.

Coun. Hugh Curtis, who accompanied a delegation which took a petition for a liquor store to the attorney-general, was reporting back to council. Council also:

- Learned the Lake Hill and Royal Oak Women's Institutes have joined the Strawberry Vale WI in protesting Saanich council's roadside spraying program.
- Passed legislation re-

quiring building contractors in Saanich to pay a \$50 deposit, and pipe laying contractors a \$25 deposit, to be forfeited if they damage municipal property.

- Appointed Coun. Curtis to a Greater Victoria committee being set up to study possibilities for a Canadian centennial project, and left appointment of a second delegate, not a councillor, in the hands of Reeve Stanley Murphy.
- Gratefully accepted an offer by Mrs. Dorothy Madden of Los Angeles to donate two lots on Violet Avenue owned by her late husband to the municipality for park purposes.
- Learned machinery for a straw poll of Saanich residents is already in motion to ascertain whether they want municipal garbage collection stepped up to weekly from fortnightly.
- Accepted the tenders of M & G Construction Ltd. to build curbs, gutters and sidewalks for the municipality this year.
- Gave "official, unqualified support" to the \$793,000 building bylaw to be presented to the people by Saanich school district 63 March 7.
- Gave first reading to a bylaw for a 10-mile-an-hour speed limit on the grounds of Veterans' Hospital.
- Voted to ask representatives of Oak Bay council and the University of Victoria to discuss common problems with council's public works committee.
- Decided to hold a public hearing on rezoning to residential from light industrial of the area bounded by Cadillac, Douglas, Crease and Harriet Streets.
- Rejected applications for rezoning for apartment use of lots at Burnside and Orilla and at Shelbourne and Mortimer.
- Agreed to hold public hearings on rezoning for apartment use, with certain qualifications, of two lots on Cedar Hill Cross Road and an area on Shelbourne between Broadmead and Christmas.
- And approved petitions for local improvements on Broadmead Avenue and Sutton Road.

Woman of Year
Nanaimo's Woman of Year is Mrs. Florence Forbes, of 650 Campbell Street. She was chosen for many community efforts through years, including work for blind, aged, youth and other organizations. (Will Watson)

Loggers Good Sports

Relations on Island Best, Say Outdoorsmen

NANAIMO — Major logging companies and sportsmen are on better terms in Central Vancouver Island than anywhere else in the province. Ted Barsby, indefatigable promoter of public access for sportsmen, told 160 persons attending the annual Nanaimo Fish and Game Club banquet Saturday.

Mr. Barsby, now a Nanaimo alderman, was master of ceremonies for the affair. Sportsmen were happy to hear Tony Poje, Crown Zellerbach public relations officer, announce that his company was opening a road into First Lake of the Nanaimo Lakes chain, for the benefit of fishermen.

The announcement came as a surprise to members of the Fish and Game Club who have been trying for years to gain access to the same spot without having to check in at a company gate.

Winners of club competitions last year were awarded trophies for largest steelhead, a 14-pounder, and one for largest trout, seven pounds, seven ounces.

John Lynde's seven-pound 13-ounce trout was the largest caught on fly. Nick Janicki was given the award for largest salmon.

Dr. N. Nishio, club vice-president made the awards to fishermen.

George Jamieson's 188-pound deer, in addition to winning a gold button for him, also brought him the trophy for the best set of deer antlers.

A woman is the best shot in the club. Mrs. E. Ebbes-Cavan received the grand aggregate rifle trophy from rifle chairman Mrs. Helen MacDougall.

73.5 Inches of Snow Falls at Alberni

ALBERNI—A total of 73.5 inches of snow has fallen at McCoy Lake weather station in the 1963-64 season, according to observer Colin S. Wilson.

January accounted for 57.8 inches, 10.4 inches were measured in December, and 5.3 in February.

According to the records since the beginning of the century, an average winter's snowfall is 40 inches.

School Board Ruling

More Authority For Bus Drivers

School bus drivers have been given authority to deal with breaches of discipline on school buses.

Trustees of Greater Victoria School District 61 agreed last night that bus drivers should report all incidents of misbehavior to principals. Bus drivers were also given authority to make offending pupils walk.

Any pupil found guilty of misbehavior will have riding privileges denied for one week and, following a second offence, may lose riding privileges permanently.

ing a referendum this spring. Girls at Lansdowne secondary school lost a bid to have the boys permitted Beatle haircuts.

According to principal D. G. McDonald, reporting to the school board, the girls "had the temerity" to send a letter, but he had refused permission.

The board received and filed the 178-name Oak Bay school petition asking support for Beatle haircuts.

In both cases the board backed the principals in their refusals.

Mailbox Bomb Dismantled

MONTREAL (CP)—Police said a bomb fashioned from several sticks of dynamite has been found in a mailbox at an intersection in the northeast end of the city.

Sergeant-Detective Leo Plouffe, Montreal police explosives expert, dismantled the bomb without incident.

Protest Too Soon

Petition Given Council Before Apartment Bid

An 11-signature petition objecting to the rezoning of land at 445 Admirals Road for apartment construction was presented to Esquimalt Council last night.

But Reeve A. C. Wurtele, after hearing the petition, said the council had not received such an application.

NO ANSWER YET

"The council will take note of this petition," he said, "but I don't think we can give any answer until an application is made."

The petition, signed by residents on Constance Avenue, Rose Street, Esquimalt Road, Bewdley Avenue and Munro Street, objected to rezoning on four grounds.

TRAFFIC HAZARD

They were that: privacy of nearby houses would be interfered with; nearby property would be devalued; traffic hazard would be increased; and overcrowding at schools would be aggravated.

The council agreed to send a letter to the petitioners saying it would consider the objections, but that no application had been made for the rezoning of the land.

O'Donnell To Run Power Job

VANCOUVER (CP)—Appointment of Henry Patrick O'Donnell as construction manager of the \$800,000,000 Peace River power project was announced Monday.

Dr. Gordon Shrum, chairman of the B.C. Hydro and Power Authority, said Mr. O'Donnell will be responsible for all construction operations at the project site.

Mr. O'Donnell was construction manager on the Niagara power project in New York State, completed in 1961. For the last two years he had been construction manager of the \$70,000,000 Kremesta hydro project in Greece.

Oak Bay to Discuss 'The Bad News'

Oak Bay council will re-out comparative figures for last year. Victoria representatives meet with school trustees to discuss this year's \$10,344,079 budget. Council last night received a copy of School District No. 61's budget, described by Reeve Alan Cox as "the bad news again."

The reeve expressed annoyance at the manner the budget was presented to council—with-

CPR-Car Crash Kills Two

PORT ARTHUR, Ont. (UPI)—Two men were killed Monday when their car was struck by a Canadian Pacific passenger train in north central Port Arthur.

The late model auto was sliced in two and catapulted 100 feet down the track, halting mainline rail traffic for one hour. Police identified the dead as Dante Sdraulig, 29, father of four, and 25-year-old Ferrucio Babudro, both of Port Arthur.

Heavy Pressures Pupils Break Down

ATLANTIC CITY, N.J. (AP)—Extreme pressures on school children are driving them toward heart attacks and nervous breakdowns, a college professor says.

Professor Ronald C. Doll of Hunter College, City University of New York, said children are given little time just from school after a day of intense activity have to be hauled away to their music or dancing lessons, to a medical specialist, to special language instruction, and infinitum toward heart attacks and nervous breakdowns.

If You're TIRED ALL THE TIME

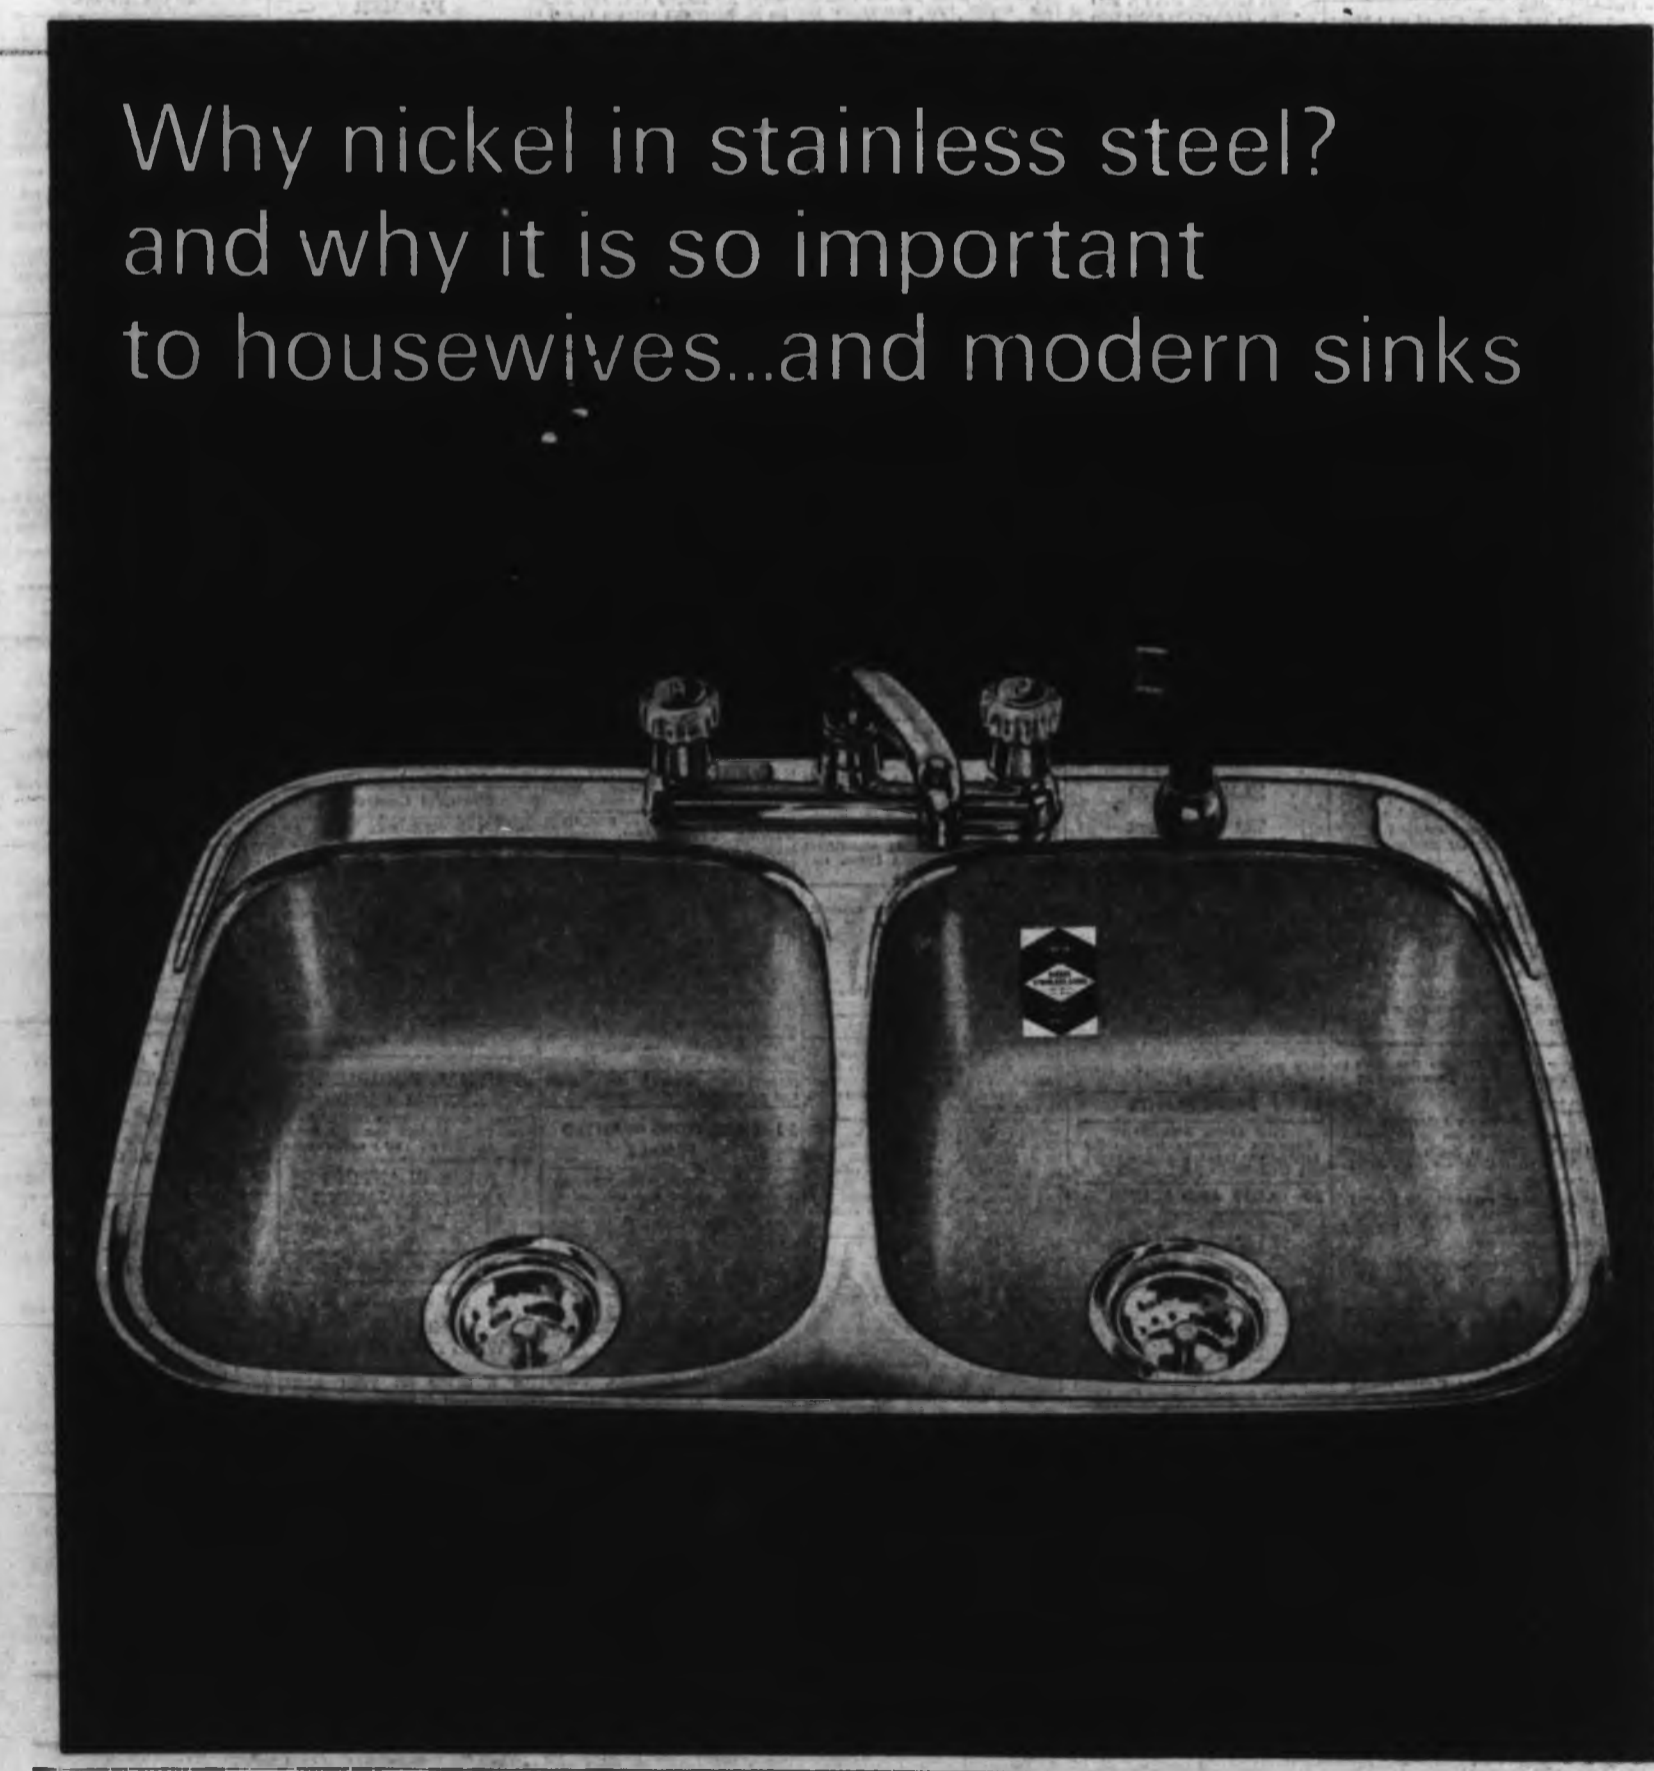

New and then everybody gets a "tired-out" feeling, and may be induced by backache. Perhaps nothing seriously wrong, just a temporary condition caused by urinary irritation or bladder discomfort. That's the time to take Dadd's Kidney Pills. Dadd's help stimulate the kidneys to relieve this condition which may often cause back-ache and tired feeling. Then you feel better, rest better, work better. Get Dadd's Kidney Pills now. Look for the blue box with the red band at all drug counters. You can depend on Dadd's.

Why nickel in stainless steel?
and why it is so important
to housewives...and modern sinks

NICKEL IS THE HALLMARK OF QUALITY IN STAINLESS STEEL

Nickel's contribution to quality stainless steel is toughness, durability and resistance to corrosion. Nickel stainless steel is easy to keep clean, sanitary and gleaming; it will not crack or chip; it will not rust or stain.

The International Nickel Company's continuing programme of research and market development helps Canadian manufacturing industries produce quality products, and helps strengthen Canada's economy.

Look for products carrying this 18-8 seal which indicates a nickel content of approximately 8%. NICKEL... its contribution is quality

Ruby Goes on Trial

By ARTHUR EVERETT

DALLAS (AP) — Jack Ruby went on trial for his life Monday for the murder of John F. Kennedy's accused assassin. The historic hearing got under way in a courthouse just 210 feet from the spot where the president fell last Nov. 22.

Opening preliminaries delayed attempts to select a jury to try Ruby, accused of shooting Lee Harvey Oswald 48 hours after the president's assassination. The defence has predicted it will be impossible to impanel an impartial jury in Dallas because of prejudice against Ruby.

Further Delayed

The trial was further delayed when it was adjourned at 1:30 p.m. until 9 a.m. Tuesday as court officials could attend the funeral of former Dallas mayor R. L. Thornton, who died Friday night.

The 32-year-old defendant, operator of a Dallas strip joint, came into court refreshed, he said, by a good night's sleep and sustained by an amateur Bible-reading course provided him in the Dallas County jail.

Reading Bible

Asked how he had been passing his time in jail, Ruby told reporters:

"I cannot magnify the great acquaintance I'm making with the Bible. One of the guards— with another faith— he's so human and considerate.

Ruby is Jewish and there have been suggestions that his religion could be a factor against him in the minds of some prospective jurors.

Ruby Animated

During a court recess, the partly bald, paunchy defendant held an animated conversation with his battery of defence lawyers, headed by West Coast lawyer Melvin Belli.

District Judge Joe B. Brown, a solidly built man with steel-gray hair, called Ruby to trial at 9:01 a.m. The courtroom with seats for about 300 was comfortably filled, but mostly with reporters. There was no surge of spectators for the non-assigned seats.

Under Guard

Ruby entered the courtroom under guard but not handcuffed. He wore a dark suit, white shirt and light grey tie. He took his seat at the defence table below and to the right of the judge. His guards sat in a semicircle behind him.

Ruby is charged with murder with malice, punishable upon conviction by a possible death penalty.

Pleading Insanity

The defence is pleading temporary insanity, claiming Ruby suffered from a type of epilepsy that made him subject to blackouts, triggered by rage, shock or strong emotion—in this case the shock of the death of a president he admired.

In line with this defence, Ruby's lawyers opened the trial with a motion for acquittal on the grounds of insanity and Belli told the judge:

"This defendant does not have the mental capacity to stand trial."

Motion Rejected

Judge Brown turned down the motion. In a subsequent motion, the defence claimed Ruby's sanity has already been assessed in several mental examinations. To get into the question again in a trial, the argument continued, would subject the defendant to double jeopardy, which is unconstitutional.

Motion Denied

Once again Brown wasted no time in denying the motion. In still another motion, the defence alluded again to its claim that Ruby cannot get a fair trial in Dallas because its citizens resent the tarnish cast on the city's image by the assassination and the subsequent slaying of Oswald.

Spectators Frisked

Citing the fact that all reporters and spectators were frisked for weapons each time they entered the court, Belli declared:

"An excess of protection or over-zealous protection will make prospective jurors more aware of the atmosphere in Dallas."

"Mr. Belli — the prospective jurors will never know it," Brown replied.

The rest of the morning session was devoted to a mass examination of prospective jurors to weed out those with general disqualifications — anyone who might be under 21, or had a criminal record or some other impediment under Texas law.

Lee Oswald CIA Hero?

NEW YORK (UPI) — Mrs. Marguerite Oswald said Monday she is convinced her son Lee is an "unsung hero" who gave up his life for his country as a "government agent."

She also said she hopes Jack Ruby will receive a light sentence and not be sent to the electric chair if he is convicted, because "I am opposed to capital punishment."

Firemen Crushed

DALLAS (UPI)—Fire roared through three business establishments in downtown Dallas Sunday, killing four firemen who were crushed beneath tons of debris, including a huge printing press. It was the worst downtown fire in modern Dallas history. Nearly 600 firemen fought

One of Abductors Kind Young Sinatra Testifies

LOS ANGELES (UPI) — men accused of kidnapping Frank Sinatra Jr. testified Monday he picked the spot for his own release after he was kidnapped and one of his abductors was "very kind" in seeing that he was comfortable. It was Sinatra's second day of cross-examination in the sixth day of the trial of three

Regular cross-examination was expected to be completed today. Also to be determined was a defence motion to keep the young singer here "on call" as a witness rather than permit him to resume a European tour with the Tommy Dorsey band. Sinatra, 20, admitted that John William Irwin, 42, designated as "No. 3 man" in the abduction, had befriended him and brought him egg nog while he was held prisoner. Under questioning he said Irwin was unfamiliar with the

Amsterdam, with its canals and historic buildings, is a splendid starting point for your European vacation.

When visiting Britain, it will pay you to fly KLM to Amsterdam and see the Continent first

Even if you're visiting relatives in Great Britain, it will be well worth your while to see the Continent first. Because of Amsterdam's excellent location as "Gateway to Europe" and thanks to KLM's extensive European network, you can city-hop to more than twelve additional places—including London—for the price of your fare to Rome. Not only does Amsterdam provide you with an ideal starting-off point for your European tour, it is also a fascinating city in its own right. Fifty canals divide it into seventy islands linked by 500 picturesque bridges. Forty museums house famous Rembrandts, Vermeers and Van Goghs. Cosmopolitan nightlife bustles the year round. The standard of living is high. The cost of living is low. And there are 6000 hotel rooms to choose from.

Amsterdam—Gateway to Europe

From Amsterdam Airport, during the summer, you have a choice of about 12 flights every day to London, 6 to Paris, 4 to Hamburg and 10 per week to Rome. Paris is only an hour away. Rome, two hours and five minutes. Frankfurt, one hour.

- Amsterdam is only a few hours' drive from the farthest corner of Holland. In 45 minutes you can be at the Alkmaar Cheese Market or Aalsmeer, the world's largest flower market. An hour puts you at the 18-mile-long dyke that stretches across the former Zuider Zee. And Amsterdam Airport has one of the biggest tax-free shopping centers in Europe. You can buy 150 brands of liquor, Swiss watches, German cameras and French perfumes—often at less than half of what you pay in Canada. Amsterdam has the only airport in the world where you can buy a car tax-free and drive off within an hour.
- You can take a convenient KLM bus from Amsterdam International Airport into Amsterdam, to The Hague, or Rotterdam. Most airports offer bus service to one city only. Amsterdam Airport goes two cities better. From the airport, you can reach Rotterdam in 60 minutes, Amsterdam in 25 minutes. The Hague in 50 minutes—all by convenient KLM bus.
- Amsterdam is the hub of KLM's network. More than 40 leading European cities are connected by frequent KLM services from Amsterdam. KLM flies DC-8 jets, jet-powered Electra II's, and Viscounts on its routes in Europe. KLM flies to every continent. Its total route network is 144,000 unduplicated miles—the second largest international air network in the world.
- KLM has an electro-mechanical check-in system at Amsterdam International Airport. This system reduces check-in time per passenger to a minimum. It also mechanically produces a load sheet, and thus speeds loading time. Every KLM sales office in Canada gets up-to-the-minute space availability information every day on KLM connecting flights.

5. KLM Inclusive Tours are tailored to your own tastes. KLM Inclusive Tours are individual, low-cost vacations linked to KLM's regularly-scheduled flights. Your Travel Agent can help individuals or groups plan Inclusive Tours to just about any country in the world and to suit any vacation requirement. KLM Inclusive Tour passengers receive the same outstanding service afforded all other travellers aboard KLM flights and, at destinations, they enjoy the same hotel services as all other visitors. This coming Summer season, KLM will again be offering Canadian vacationers a wide selection of individually-planned, economical Inclusive Tours to Europe, the Mediterranean, and the Caribbean. See your Travel Agent for complete details. Or call KLM.

Navigation instruments are checked with meticulous care by highly trained KLM technicians under closely controlled laboratory conditions.

- 291 KLM pilots have flown more than 10,000 flying hours. When you fly KLM, see if your captain has logged more than 20,000 flying hours. You can tell by his two-diamond gold pin. KLM has 29 of these captains. Three have flown more than 25,000 hours.
- When KLM maintenance crews overhaul a jet engine, they strip it down to two thousand parts. On an annual overhaul—called a Block Inspection—more than 500 basic points on a DC-8 jet are gone over meticulously by 60 engineers, mechanics and electricians. A government-licensed inspector double-checks every point.
- Every engine on a KLM DC-8 jet is changed every 25 weeks. A KLM DC-8 jet gets a No. 1 inspection every 15 hours of operation. 166 points are thoroughly checked by KLM maintenance crews and double-checked by a government-licensed inspector.

KLM IN CANADA

- KLM likes to make things easy for everyone! Whether you're working out the final details for that long-promised European vacation, starting on an overseas business trip, or are a "new Canadian" taking your family on a visit to the old country, KLM has found a number of ways to make things easier for you. For instance, there's KLM's convenient Fly-Now-Pay-Later Plan that permits you to fly now at a low down-payment and offers you many months to pay the balance. In addition to covering your roundtrip ticket, it can also be used for all-inclusive tours and hotels. Only 10% down.
- KLM is happy to arrange for your relatives in Europe to fly to Canada at your expense. You can pay the fare here and KLM will issue the tickets overseas. KLM's multi-lingual personnel both at the airport and in the aircraft pay special attention to elderly people.
- Choice of several daily KLM flights from New York to Europe. Depending on your destination in Europe, you may find that the greater frequency of flights out of New York offers you more convenient connections. Point worth considering: Flying to Europe via New York also enables you to break your journey and see the New York World's Fair for only a few dollars additional air fare.
- KLM Meeting Service at New York. When arriving in New York on another airline connecting with your KLM flight to Europe, be sure to take advantage of KLM's special Passenger Meeting Service. A uniformed member of KLM's courteous ground personnel will not only meet you and personally conduct you to the KLM departure building, he will also arrange for all your baggage transfers. Ask for KLM's Meeting Service when confirming your reservation.
- KLM maintains a higher frequency of air cargo freighters from Canada into Europe than any other airline. Each freighter can carry a payload of up to 35,000 lbs. KLM's Cargo Customers' Service is highly recommended by Canadian businessmen for its professional competence and know-how. Regular customers praise KLM's business-like approach.
- Your Travel Agent will help you with all your travel arrangements. He is a specialist. He knows fares, rates, hotels, tours, documents, currencies better than anyone. And all the odd little details. His experience can make a world of difference to your trip, and, as professionals in air transportation for more than forty years, KLM recognize that it takes professionals to plan trips efficiently. That is why in every city in Canada, KLM is represented by a professional—your Travel Agent. See him soon.

KUALA LUMPUR (Reuters) — A woman third secretary at the Canadian high commission in this Malaysian capital was killed when she fell over an 80-foot waterfall on the island of Langkawi, off the Malayan west coast, it was learned yesterday.

Hold It! — Bennett

FASTER-GAGLARDI

By TERRY HAMMOND Highways Minister Gagliardi wants to boost B.C. speed limits but Premier Bennett is dead set against it.

The two openly disagreed on the subject in the legislature yesterday.

Mr. Gagliardi said statistics which he had quoted showed "we should up the speed limit tomorrow."

"No thanks!" said Premier Bennett with emphasis as he swung around to face his ebullient highways minister.

"One pill might be good," he added, "but three pills are not better."

A minute later the minister gently chided the premier for accepting statistical evidence that seat belts cut road deaths while refusing to accept statistics which showed that higher speed limits would have the same result.

DEATHS DROP In his speech he said there is a weight of statistical evidence which shows that road deaths drop as speed limits increase—that fast drivers are safe drivers and that slow drivers are an unnecessary hazard.

Radars has its place, he said, but not as a trap for recreation-bound motorists on weekends.

COLLECTION AGENCIES Indiscriminate use of radar had turned law enforcement agencies into "collection agencies," he said.

After listening to "so-called experts, pseudo-experts, news experts, newspapers and radio commentators" on the subject of accident causes, he thought it was time "we sifted out the chaff and got down to the real causes."

He thought accidents could be reduced by better road conditions, better drivers, and better cars.

Border Ethiopia Rushes Troops

HARAR (AP)—Ethiopia flung reinforcements up to its desert frontier Monday after Somali forces were reported to have seized a border village and wrecked another with heavy shelling.

A military spokesman here at the headquarters of the emperor's crack 3rd Division reported that police guards withdrew from the village of Yett in the face of a determined Somali attack.

They pulled back to a locality called Barrie, a desert oasis some 15 miles from the frontier, where the regular army reinforced them.

NAIROBI (Reuters)—Somali Foreign Minister Abdullah Issa Monday accused Ethiopia of using American bombers and "various weapons" in breaking a cease-fire arranged between the two countries.

There was no discussion of an early election among the members, Rouleau said, and all expressed a desire to complete the government's term of office, which could run up to about four years.

He said there was a recommendation that French-speaking Liberals be sent to English Canada and English-speaking members to French Canada in an attempt to counter extremist statements from both sides over the French-English problem.

Naden Band Programs Please Fulford Audiences

FULFORD — The band of HMCS Naden delighted Salt Spring Islanders with afternoon and evening concerts Feb. 14, held in Fulford Community Hall.

The 54-piece band, under Lt. L. T. Jones, played popular, classical and novelty numbers. The audience was particularly pleased with an original number, Salt Spring, composed by the band, with lyrics sung by Petty Officers Garland and Forbes.

The program, which included Wild Horses with trumpet trio; Valentine to the Ladies, and music to suit every taste, concluded with March of the Comtempibles.

Sponsors of the concert were A. D. Dane and Fulford Hall committee, Royal Canadian Legion and the Lions Club. The band was served dinner by women of Fulford Harbor and later thanked by Mrs. M. Gyves on behalf of Island residents.

DUNCAN — Former member of the Duncan branch, Old-Age Pensioners' Organization, Beryl Alberta Lowe died at the King's Daughters' Hospital in her 74th year.

She was born at Saanich and had lived at Cowichan Bay and Cowichan Station, and for the past 13 years at Duncan.

Funeral services will be held at the Hirst Funeral

Around The Island

Home here, Thursday at 1:30 p.m., followed by burial at the Cedar Valley Memorial Gardens, Cedar.

DUNCAN — Mesachie Lake resident Bernice Mary Grant died suddenly Sunday at her home on Forestry Road.

She was born at Redbank, N.B., in 1908 and came to British Columbia in 1929, to Menzies Bay where she resided for 11 years.

Later she moved to New Westminster and in 1936 she came to old Hillcrest. For the past 20 years she had lived at Mesachie Lake. She was a charter member of Duncan and Cowichan lodges, Ladies of the Royal Purple.

Funeral services will be held under the auspices of Ladies of the Royal Purple from the Hirst Funeral home here, Wednesday, Feb. 19, at 2 p.m. Cremation will follow.

LAKE COWICHAN — Driving while suspended cost Bikral Berar of Lake Cowichan \$100 when he appeared in

police court. William Thancell of Lake Cowichan was assessed a total of \$100 for driving while suspended and for being a minor in possession of liquor.

ALBERNI — Rites will be held at 3 p.m. today in Stevens' funeral chapel for Mrs. Margaret Mary Scherk, who died in West Coast General Hospital on Sunday.

Mrs. Scherk, who made her home at 901 Compton Road, had lived here for the past 19 years. Her husband James predeceased her in 1982. She was born in Revelstoke 64 years ago.

She leaves a sister, Mrs. Adeline Dutcher, Seattle. Rev. David Verkerk will officiate at the service which will be followed by cremation.

DUNCAN — Salt Spring Island resident for 20 years, Mary Walby Butt died at St. Mary's Priory, Colwood, Feb. 16, aged 96 years.

Born at Buntingford, Hertfordshire, England, she came to Canada 44 years ago and had been living at Ganges with her daughter.

For the past three years she had resided at Victoria.

Private funeral services will be held from the Hirst funeral chapel here today, with burial at St. Mary's Anglican Cemetery.

Plowing Early Furrows

Members of Cowichan IH Tractor Club took advantage of good weather to work out for coming plowing competitions. With instructor George Bralshawite, Cobble Hill (aided in picture) they held plowing "class" on Harrold Farm south of Duncan. Aboard tractor is Richard Bralshawite, club member. Far left is Frank Barton, Cobble Hill, assistant instructor. —(Agnes M. Fleet)

Curtain Rung Down

DUNCAN — The curtain went down Saturday night at the Cowichan Senior Secondary School auditorium on the last of four performances of Oklahoma! by the Duncan Musical Club, under the direction of Dr. Heinz Kilian and Mrs. Charlotte Moore.

The list of special guests was headed by Lieutenant Governor Pearkes and Mrs. Pearkes. Musical club officials presented Mrs. Pearkes with a piece of pottery designed and made by Duncan potter and sculptor Peggy Hagar.

Enthused by the final fine showing of Oklahoma! Nanaimo Mayor Pete Maffeo expressed his desire to have the Duncan cast perform the operetta at Nanaimo.

Trout Fishing Derby Set for Youngsters

DUNCAN — The Royal Order of the Moose here will sponsor a junior fishing trout derby for youngsters 17 years of age and under, March 15.

The derby will be held at Somenos and Quamichan Lakes and adjoining creeks within a half-mile of the lakes. Entry forms must be returned by March 8 with the signature of a parent or guardian. The weigh-in station will be at the Moose Home.

Fears Groundless Cougar Found Dead

CHEMAINUS — A seven-foot cougar which residents feared may have turned mean after being struck by a car, was found dead Sunday near where it was struck.

The animal was struck Saturday on the Chemainus Highway, near the Chemainus River bridge, and was seen to limp off the road into heavy brush.

Sunday, veteran predator hunters Harvey Holman and Sandy Walker tracked the animal with hounds and found it dead about 60 yards from where it was hit.

They feared the cougar may have become dangerous due to its injuries.

DUNCAN — The Cowichan Branch, Royal Canadian Legion, at its next general meeting March 2 will have as its guest Royal Canadian Legion president for British Columbia W. E. Martin, Vancouver, at a no-host dinner at the Tzouhalem Hotel.

Hootenanny Popular

CHEMAINUS — About 75 youngsters gathered at the Royal Canadian Legion Hall, Friday to enjoy a Hootenanny sponsored by the Anglican Dean of the district.

The Voyagers from UBC, Vancouver, were the main attraction, and Canon David Sommerville, of the Anglican Theological College, addressed the gathering on Calling Things By Their Right Name. A further meeting and discussions took place Saturday.

Members of St. Michael and All Angels' Church committee responsible for the weekend Mission to Youth, were Rev. J. G. Matthews, Mrs. G. C. Saunders, Derek Wilder, Peter Dubinsky, James Reid and Gordon Litster.

Salvage Operations May Raise Troller

GALIANO — Operations were to start Monday to salvage the Alaska-based crab troller Lark I that foundered Friday near Active Pass in the Gulf of Georgia.

Seattle insurance adjusters decided Saturday to raise the 30-foot vessel and have towed to Montague Harbor on Galiano Island near here.

Captain Kenneth Davis and crew member Karl Anderson were sailing north from Seattle after preparing the boat

for the crab season when they hit a deadhead in the water. The two men were able to manoeuvre the boat close to shore before it sank, resting on a pinnacle of rock.

DEIGHTON'S WART REMOVER Permanently removes warts and other blemishes from hands, face, feet, within 3 to 5 weeks. Not an acid. An herbal formula. Harmless to healthy skin. AT ALL DRUGGISTS

Year-Round Season Predicted

NANAIMO — Richard "Dick" Bond became president of Nanaimo Chamber of Commerce at installation ceremonies Saturday evening in Nanaimo. Donald Cunliffe, past president of the Chamber, conducted the ceremonies.

Retiring president Dave Jones presided at the meeting. The ceremonies were the 75th annual installation of officers of Nanaimo Chamber of Commerce.

Guest speaker Alan M. Maclean, commissioner of Victoria Visitors' Bureau, said that opening of the "route of the Haida" in 1965 will put Nanaimo on an international highway which, besides other beneficial effects, will extend the tourist season from summer only to an all-year basis.

Mr. Maclean, who recently took over the post of manager, Vancouver Island Publicity Bureau, told members of the Chamber of Commerce that the economy of the Islands is due for unprecedented development.

He based his optimistic outlook on the new highway to the north and the tremendous growth of population now becoming evident on the Island.

CO-OPERATION He urged close co-operation between Chambers of Commerce and island municipalities and stated that the V.I. Publicity Bureau was the liaison body helping them work together.

The government recognizes the bureau as a liaison organization and makes its dollar-for-dollar matching grants in advertising.

Firemen Plan Barbecue

ALBERNI — Cherry Creek Volunteer Firemen have laid plans for their second annual barbecue an sports day to be held on the grounds of the community hall on Sunday, June 28.

Tony Matin with Marcel Godard and Jack Ponath make up the committee in charge of events while Harold Turgeon will again be chef, taking charge of the pit barbecue where prime beef will be cooked on the scene.

The fire department's WA will assist the firemen in the project.

Premier Chided

Bennett, Gagliardi Disagree On Speed Limits

By TERRY HAMMOND
Highways Minister Gagliardi wants to boost B.C. speed limits but Premier Bennett is dead set against it.
The two openly disagreed on the subject in the legislature yesterday.
Mr. Gagliardi said statistics which he had quoted showed "we should up the speed limit tomorrow."
"No thanks!" said Premier Bennett with emphasis as he swung around to face his ebullient highways minister.
"One pill might be good," he added, "but three pills are not better."
A minute later the minister gently chided the premier for accepting statistical evidence that seat belts cut road deaths while refusing to accept statistics which showed that higher speed limits would have the same result.
BELIEVE REST
"If you believe those (seat belt) statistics you had better believe the rest," he said. (See story Page 7.)
Outside the House a short time later, the minister told

reporters he had the authority to increase speed limits any time he likes, but doesn't want to act without agreement from police and traffic engineers.
In his speech he said there is a weight of statistical evidence which shows that road deaths drop as speed limits increase—that fast drivers are safe drivers and that slow drivers are an unnecessary hazard.
Radar has its place, he said, but not as a trap for recreation-bound motorists on weekends.
COLLECTION AGENCIES
Indiscriminate use of radar had turned law enforcement agencies into "collection agencies," he said.
After listening to "so-called experts, pseudo-experts, near-experts, newspapers and radio commentators" on the subject of accident causes, he thought it was time "we sifted out the chaff and got down to the real causes."
He thought accidents could

She Cycled Right Through the Monk

BASILDON, England. (UPI) — Seconds after ringing her bell frantically when a hooded monk stepped in her path at four o'clock in the morning Mrs. Rita Tobin was pedalling down a dark country road faster than she had ever done before.
For the red-cowled figure had not left her enough time to stop after applying her brakes—and she passed right through him.

The 20-year-old mother of two and her nine fellow night cleaners at a local factory are banding together when they go home in future. They say they have seen the ghost more than a dozen times.
Mrs. Tobin has seen the apparition twice. "The second time I saw the monk I cycled right through him," she said, failing to suppress a shiver.

"The air was cold and clammy," she added. "I went numb all over and couldn't speak."
Another cleaner, Mrs. Sylvia Smith, 24, said the monk was "ghostly—just like a transparent rainbow."
The ghost is always seen at the same time, as the cleaners pass Basildon's Holy Cross Church after finishing at 4 a.m. He shuffles across

the church road and disappears into the 600-year-old churchyard.
Mrs. Smith said "we have not asked the vicar for help because we thought he would laugh. But the church must do something now."
The monk is six feet tall. Supervisor Kay Bull added: "He comes out of the bushes, shuffles across the road and disappears among the graves."

Mrs. Catharine Kistruck said: "When he appeared he was just floating. It was deathly quiet."
Father John Hayes of nearby St. Basil's Roman Catholic Church said "we could exorcise the spirit, but we would have to get permission from the bishop of Brentwood."
He pointed out "there is always danger he could be-

come infested with the Evil Spirit."
Anglican churchman Rev. Bernard Lloyd, in charge of Holy Cross Church, admitted he had heard strange noises.
"Several times I have heard scuffling in the porch as if someone was sitting on the bench," he said.
"Each time there is no-one there."

GIRL DIES OF INJURIES AFTER TRAFFIC COLLISION

An 18-year-old girl recently engaged to be married died an hour and a half after being thrown from her car in a two-car crash at Michigan and Government yesterday afternoon.

Miss Bone Watkins, 18, of 213 Burnside West, became Victoria's first traffic fatality for 1964 after her car was struck on the side and spun around, slamming into a parked car.

She was thrown clear and suffered internal injuries.
Witnesses placed a stuffed toy animal taken from the car under her head and covered her with a blanket while waiting for police, who arrived within minutes of the accident.
Her car was in collision with a car driven by John King, 24, of 638 Beacon Street, as it crossed Government Street at approximately 4:50 p.m.
CAR SPUN AROUND
Her car then spun around, striking a parked car. It was not known whether the impact of the first or second crash threw the accident victim clear.

Police investigation was hampered by heavy rush-hour traffic which had to be rerouted around the King car which was stopped in the middle of the intersection.
Mr. King told the Colonist he had no time to avoid the crossing car.
Miss Watkins, whose first name was spelled with an accented "e" and pronounced "Bonny," was employed at a bakery at Burnside and Harriet. She was on her day off and had been shopping with her 20-year-old sister, Georgina Watkins, 406 Simcoe. She dropped her sister off at her James Bay address and was on the way home when the accident took place, relatives said.

Border Ethiopia Rushes Troops

HARAR (AP) — Ethiopia lunged reinforcements up to its desert frontier Monday after Somali forces were reported to have seized a border village and wrecked another with heavy shelling.
A military spokesman here at the headquarters of the emperor's crack 3rd Division reported that police guards withdrew from the village of Yett in the face of a determined Somali attack. (See earlier story Page 3.)
PULLED BACK
They pulled back to a locality called Barrie, a desert oasis some 15 miles from the frontier, where the regular army reinforced them.

NAIROBI (Reuters) — Somali Foreign Minister Abdullah Issa Monday accused Ethiopia of using American bombers and "various weapons" in breaking a cease-fire arranged between the two countries.
Issa told a press conference in this Kenyan capital the border fighting would "lead to a full scale war if Ethiopia continues its attacks."

Viet Nam

Terror Tide Rising

SAIGON (AP) — Terrorists struck quickly again Monday night after a bloody bombing of a United States movie theatre, ambushing three American military men in a grenade attack in this South Viet Nam capital.

One of the three Americans was wounded slightly.
To cope with the rising tide of terror here, U.S. and Vietnamese officials formed a joint security council to provide greater safety for Americans.
U.S. military police guarded American schools, rode on school buses and patrolled other U.S. installations.

WELL PLANNED
The shocker was the well-planned raid Sunday night by two or more terrorists on an American theatre. One killed a U.S. sentry outside, the other left a bomb in the lobby that in a searing blast killed two other Americans and wounded 51.

No Water on Sly

Naval Base Cuts Cuban Pipe Line

GUANTANAMO, Cuba. (UPI) — This U.S. naval base used a chain saw in spectacular fashion Monday to sever publicly its last connection to Cuban water.
Rear-Admiral John Bulkeley, commander of the base, ordered the water pipes publicly

cut because he said "Castro is calling me a liar."
Valves on the pipe have been closed since the night of Feb. 6-7.
CLAIMS 'HOGWASH'
Bulkeley, Second World War hero who took Gen. MacArthur off Corregidor in a PT boat, described as "hogwash" Castro's claims the base has been using Cuban water on the sly.
"We haven't done it, we couldn't have done it, and we won't accept Cuban water in the future," the admiral said as the pipe-cutting ceremony got under way.
Bulkeley said he had no orders by Washington to cut the pipes, but "I told them I was going to do it, unless otherwise directed."

RECEIVED INQUIRY
As a result of Castro's propaganda, the admiral said, he received an inquiry from the secretary of the navy as to whether Cuban water actually was being used.
The fact was that the pressure in the Cuban pipes was so low and the reservoir tanks on the base were so full that if the valves had been opened since Feb. 6-7, water would have flowed back up to the Yateras pumping station.
Tankers from Florida have brought enough fresh water to the base to insure a 24-hour supply.

Near Ruby Trial

Dallas Police Nab Man With Pistol

DALLAS (UPI) — Sheriff's deputies yesterday arrested a man with a pistol in the Hall of Records next door to the Dallas County Courthouse,

where Jack Ruby was on trial. (See Page 29.)
Sheriff Bill Decker said David Conrad Glass, 39, of Beatty, Ore., was charged with carrying a concealed weapon.
He said deputies found a .38-calibre pistol on Glass.
WITHOUT SLEEP
"He didn't talk very coherently," Decker said. "We believe a night's rest in jail may do him some good. He has been without sleep a long time, he told us."
Decker said deputies arrested Glass after employees of the Hall of Records reported the man acting suspiciously.

Quiet Please

Hardly the conservative way, but this heckler gets effectively silenced during speech of Prime Minister Sir Alec Douglas-Home to young Conservatives in a London hall. — (AP Photofax).

Greece Set To Shoot

ATHENS (Reuters) — Greece warned all neighboring countries Monday its armed forces have received instructions to shoot down any foreign plane intruding into Greek air space. It was authoritatively disclosed in Athens Monday night. (See Page 3.)

The warning was sent in the form of a "circular" notice to all Greece's neighbors following repeated violations of Greek air space by foreign "unidentified" planes during the weekend.

Liberal Caucus

Back-Benchers Want Pension Plan Action

OTTAWA (UPI) — Liberal members of Parliament Monday urged the federal government to start the revised contributory Canada Pension Plan through the Commons as soon as possible.

Government caucus chairman Guy Rouleau told newsmen following the two-day meeting which has preceded today's opening of Parliament that the revised plan was given unanimous approval by the party's rank-and-file Commons and Senate members.
ONLY THING
He said it was agreed the only thing that should delay introduction of the legislation would be the abstention of Ontario.
Government whip James Walker said the members want

Gang Members Hunger Strike

MONTREAL (CP) — Four members of the hooded gang being held in Quebec Provincial Police cells have been on a hunger strike for five days, it was learned Monday.

Canadian Girl Killed

KUALA LUMPUR (Reuters) — A woman third secretary at the Canadian high commission in this Malaysian capital was killed when she fell over an 80-foot waterfall on the island of Langkawi, off the Malaysian west coast, it was learned yesterday.
She was Mary R. Fraser, 24, of Hamilton, Ont. She was visiting Langkawi on Saturday with three women officials of missions in Kuala Lumpur.
They were exploring the River of the Seven Wells, a series of stepped pools of water when Miss Fraser slid over a cascade.

to get the pension legislation to a parliamentary committee as quickly as possible and not wait for this spring's federal provincial conference.
Rouleau and Walker also said the caucus will recommend to the National Liberal Federation that it call annual meetings to "democratize" the party.
This recommendation will be submitted to the federation's executive council of which Rouleau is a member.
Rouleau said the caucus wanted every federal riding represented by rank-and-file at an annual meeting to discuss party policy.
He added that the suggestion for an annual meeting has been approved by Prime Minister Pearson.

ELECTION NOT TOPIC
There was no discussion of an early election among the members, Rouleau said, and all expressed a desire to complete the government's term of office, which could run up to about four years.
He said there was a recommendation that French-speaking Liberals be sent to English Canada and English-speaking members to French Canada in an attempt to counter extremist statements from both sides over the French-English problem.
